DATE: June 4, 2012

TO: SUBSTANCE USE DISORDER TREATMENT AND RECOVERY SUPPORT SERVICE PROVIDERS

FROM: BUSINESS PSYCHOLOGY ASSOCIATES (BPA)

RE: STATE FISCAL YEAR 2013 TRAINING CALENDAR

Attached is the State fiscal year 2013 Provider Training Schedule. At a minimum, we will offer the following trainings to the network:

- ASAM PPC2-R Placement Criteria
- Clinical Documentation
- Stages of Change
- Clinical Supervision

ASAM and Clinical Documentation training will each be a ½ day training and will have an emphasis on quality discharge planning.

BPA is committed to assisting the network providers with these and/or other topics by continuing to schedule additional trainings, individual technical assistance or regional provider meetings. We are currently assessing the needs of the network and will be scheduling additional training sessions throughout the year. Please watch for upcoming notices.

BPA will communicate to the network, all training notices and pre-registration requirements for each training session at least 30 days prior to the scheduled training date.

The trainings are offered on a limited basis. It is the providers' responsibility to review the calendar and send eligible participants based on the availability of the scheduled trainings. Providers may register for trainings outside of their regions.

We look forward to partnering with you in State fiscal year 2013!

Please contact BPA Regional Field Staff or Provider Network Management if you have any questions regarding the training schedule.
