

You have inquired about information for how an individual has their name removed from the Child Protection Central Registry.

Please Note: Pursuant to IDAPA 16.06.01.566 an individual whose name appears on the Child Protection Central Registry with a designation of either Level (2) or Level (3), may request their name be removed from the Child Protection Central Registry **after the minimum period of time has passed**. The minimum time period for a level (3) designation is five (5) years from the date of the substantiation and for a level (2) designation is ten (10) years from the date of the substantiation. An individual whose name appears with a Level (1) designation is not eligible to request their name be removed from the registry.

First, you will want to make sure that you are eligible to be removed. If you do not know if you are eligible to be removed your first step will be to mail in a letter requesting to know what level you are on the Child Protection Registry and when you will be eligible to have your name removed. Send this letter to:

**Division Administrator, Division of Family and Community Services
Department of Health and Welfare
450 West State Street; 5th Floor
P.O. Box 83720

When you know that you are eligible to be removed, in order to proceed, you must complete the following and send it to the address above:
