District 2	-	-	-	-	-	-
District 3	3		•	3	3	•
District 4	1	-	-	1	-	1
District 5	2	•	•	2	1	1
District 6	2	-	-	2	1	1
District 7	•		•	-		-
	-			-		
Non- resident	-	-	-	-	-	-
	-					
Total	9	-	-	9	5	4

## Notes:

- 1. Influenza-related deaths are based on ICD coding for Influenza in Part I and Part II on the Death Certificate. Influenza may have been the underlying cause of death or contributed to death.
- 2. Flu season: Deaths occurring October 1, 2007 May 1, 2008.

Only deaths occurring in Idaho are reported in this table. This excludes deaths to Idaho residents occurring in other states and includes deaths to non-residents occurring in Idaho. Data shown in this table will differ from statistics based on Idaho resident records, data based on underlying cause of death only, and data based on calendar year.

Data are based on records filed with the State as of April 18, 2008.
