

NOTICE

The Idaho Department of Health and Welfare (IDHW) hereby gives notice required by the Center for Medicare and Medicaid Services (CMS) that it intends to submit for amendment its 1915(c) Home and Community Based Services (HCBS) waiver pertaining to the children's Act Early HCBS waiver. As required by 42 CFR § 441.301(c)(6), at the time IDHW submits its HCBS waiver amendment, it will also submit a transition plan to CMS for review and consideration. IDHW will provide at least a 30-day public notice and comment period regarding the transition plan prior to submission to CMS. Once CMS has published guidance on how the HCBS regulations impact the non-residential services provided in this waiver, IDHW will provide another 30-day public notice and comment period regarding the transition plan for this waiver.
