Updated: October 28, 2009 **Note: We strongly encourage candidates to pre-register for examinations to assure the availability of necessary examination resources. We reserve the right at all examinations to not allow walk-on candidates (not previously registered for the specific exam) if the required examination resources are not present at the examination site. For example: An "All Level" examination with no pre-registered Paramedics would have no Paramedic examination materials at the examination site. Therefore any Paramedic walk-ons would not be allowed to test.
