RE: Preferred Community Homes - Elk Run, Provider # 13G041

Dear Ms. Officer:

This is to advise you of the findings of the Medicaid/Licensure Fire Life Safety Survey of Preferred Community Homes - Elk Run, which was concluded on January 22, 2015.

Enclosed is your copy of a Statement of Deficiencies/Plan of Correction, form CMS-2567, which states that no Medicaid deficiencies were noted at the time of the survey.

Also enclosed is a Statement of Deficiencies/Plan of Correction form listing State licensure deficiencies. In the spaces provided on the right side of each sheet, please provide a Plan of Correction. **It is important that your Plan of Correction address each deficiency in the following manner:**

1. What corrective action(s) will be accomplished for those individuals found to have been affected by the deficient practice;
2. How you will identify other individuals having the potential to be affected by the same deficient practice and what corrective action(s) will be taken;
3. What measures will be put in place or what systemic change you will make to ensure that the deficient practice does not recur;
4. How the corrective action(s) will be monitored to ensure the deficient practice will not recur, i.e., what quality assurance program will be put into place; and,

Cynthia Officer, Administrator
January 29, 2015
Page 2 of 2

5. Include dates when corrective action will be completed. 42 CFR 488.28 states ordinarily a provider is expected to take the steps needed to achieve compliance within 60 days of being notified of the deficiencies. Please keep this in mind when preparing your plan of correction.
For corrective actions which require construction, competitive bidding, or other issues beyond the control of the facility, additional time may be granted.

Sign and date the form(s) in the space provided at the bottom of the first page.

After you have completed your Plan of Correction, return the original to this office by **February 11, 2015**, and keep a copy for your records.

You have one opportunity to question cited deficiencies through an informal dispute resolution process. To be given such an opportunity, you are required to send your written request and all required information as directed in the State Informal Dispute Resolution (IDR) Process which can be found on the Internet at:

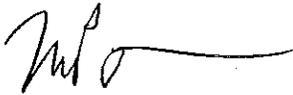

www.icfmr.dhw.idaho.gov

Scroll down until the Program Information heading on the right side is visible and there are three IDR selections to choose from.

This request must be received by February 11, 2015. If a request for informal dispute resolution is received after February 11, 2015, the request will not be granted. An incomplete informal dispute resolution process will not delay the effective date of any enforcement action.

Thank you for the courtesies extended to our staff during our visit. If you have any questions, please call our office at (208) 334-6626.

Sincerely,

MARK P. GRIMES
Supervisor
Facility Fire Safety and Construction Program

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

P.O. Box 83709
Boise, Idaho 83720-0009

Dear Mr. Grimes,

Thank you for your considerateness during the recent Fire Light Safety Survey at the Elk Run homes. Please see our responses below for each citation and please give us a call if you have any questions.

MM311:

Aspire Human Services currently has a monthly checklist which is completed by the home supervisor or lead worker. The monthly checklist has been revised to include the outside appearance of the home. Each month after the home supervisor or lead worker has completed their monthly check list the documentation will be turned into the Program Manager for verification that the inspection has occurred.
