Dear Ms. Bentzler:

On January 23, 2015, an off-site follow-up was conducted with your facility to verify correction of deficiencies noted during the Facility Fire Safety and Construction survey of December 16, 2014. Twin Falls Center was found to be in substantial compliance with fire life safety requirements as of **January 19, 2015**.

Enclosed you will find a copy of the Post-Certification Revisit Report, Form CMS-2567B indicating that federal deficiencies K012, K021, K029, K062, K064, K072, K130, K147 and K211 have been corrected. Also based on findings of this visit, the state licensure tag C226 and C434 were found to be corrected.

Thank you for the courtesies extended to us during our visit. If we can be of any help to you, please feel free to call us at (208) 334-6626.

Sincerely,

Mark P. Grimes, Supervisor
