On August 31, 2017, an off-site follow-up survey of the facility was conducted to verify correction of deficiencies noted at the survey of July 6, 2017. Life Care Center of Coeur d'Alene was found to be in substantial compliance with federal health care requirements as of July 26, 2017.

The surveyor conducting the follow-up was Loretta Todd, R.N.

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
