An on-site follow-up of the facility was conducted August 28 and 29, 2018, to verify correction of deficiencies identified at the recertification survey of June 29, 2018. Royal Plaza Health and Rehabilitation was found to be in substantial compliance with federal health care regulations as of July 31, 2018.

The surveyors conducting the follow-up were:

Linda Kelly, R.N., Team Leader, and Bradley Perry, LSW

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
