RE: FACILITY FIRE SAFETY & CONSTRUCTION SURVEY REPORT COVER LETTER

Dear Ms. Gillins:

On May 14, 2019, a Facility Fire Safety and Construction survey was conducted at Syringa Chalet Nursing Facility by the Bureau of Facility Standards/Department of Health & Welfare to determine if your facility was in compliance with State Licensure and Federal participation requirements for nursing homes participating in the Medicare and/or Medicaid programs. Your facility was found to be in substantial compliance with Federal regulations during this survey.

Enclosed is a Statement of Deficiencies/Plan of Correction, Form CMS-2567, which states that the facility complies with the requirements of CFR 42, 483.70(a) of the federal requirements. This form is for your records only and does not need to be returned.

Thank you for the courtesies extended to us during the survey. If you have any questions, please contact this office at (208) 334-6626, option 3.

Sincerely,

Nate Elkins, Supervisor
Facility Fire Safety and Construction

The facility is a four story type II (222) fire resistive building with multiple exits to grade, that was last renovated in 1996. Residents are currently being housed on the first and second level, with controlled access for clinical need. The ground floor is ancillary services only and the fourth floor currently is primarily used as auxiliary office and storage. A complete fire sprinkler system was installed in June of 2012, with an interconnected fire alarm system that has both off-site and on-site monitoring. The building is currently licensed for 29 SNF/NF beds with a census of 27 on the date of the survey.

The facility was found to be in substantial compliance during the annual fire/life safety survey conducted on May 14, 2019. The facility was surveyed under the LIFE SAFETY CODE, 2012 Edition, Existing Health Care Occupancy, in accordance with 42 CFR 483.70.

The Survey was conducted by:

Nate Elkins, Supervisor
Facility Fire Safety & Construction Program

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
