initial Comments:

investigation conducted by Carrie Johns, Medical Program Specialist.

Rule Reference/Text	Eatagory/Findings	Plan of Correction (PSC)
16.04.11,511.04.e	Medication On 6/11/09, an over-the-counter medication was given to a participant without a physician's order.	Effective 6-18-9, GSDC will ensure that over-the-counter medication (Acetaminophen) will not be given to participants without a written and oral instructions from a licensed physician or other practitioner of the healing arts, pharmacist, or nurse. 1. Specifically to the participant, GSDC will verbally inform the participant that GSDC will not provide or give over-the-counter medication, such as Tylenol, when he request for such medication due to pain and discomfort, without the written and oral instructions from a qualified professional defined under Section 511 of rules. 2. Effective 6-18-9, GSDC has instructed and reminded all direct training personnel that GSDC will not provide or give over-the-counter medication, such as Tylenol, Aspirin, ibuprofen without the written and oral instructions from a qualified professional defined under Section 511 of rules. If the participant request for over-the-counter medication, from GSDC, due to pain or discomfort, the participant will be advised, accordingly. If the participant request for over-the-counter medication, the residential provider or service coordinator (if one is provided) will be contacted and written and oral instructions, under
