TagSummary.rpt

Cite Frequency column counts the first citation of a tag - uncorrected citations of the same tag on revisits are not recounted.

Citations with empty scope and severity are included in counts but not averages.

## Printed 02/19/2013

The language provided in the tag is the main subject, however, each tag may have more than one factor addressed within the regulatory requirement.

Tags cited by more than one surveyor on the same survey are counted once.
