Garren Shakespear, Administrator
Homestead Of St Anthony
360 West 3500 North
Rexburg, ID 83440

Dear Mr. Shakespear:

An unannounced, on-site complaint investigation survey was conducted at Homestead Assisted Living Centers Inc - St Anthony on January 11, 2012. During that time, observations, interviews, and record reviews were conducted with the following results:

Complaint # ID00004913

Allegation #1: Multi-bed sleeping rooms housed more than two residents.

Findings #1 On 1/11/12 at 2:00 PM, a tour of the facility was conducted and all rooms were observed. Multi-bed sleeping rooms were not observed to house more than two residents.

On 1/11/12 at 2:30 PM, the administrator stated at one time the multi-bed rooms did house three residents, but when it was brought to his attention that multi-bed sleeping rooms could not house more than two residents, the practice was immediately remedied.

Substantiated. However, the facility was not cited as the situation was corrected prior to survey.

Allegation #2: Closet dividers were not provided for those residents sharing closets.

Findings #2: On 1/11/12 at 2:00 PM, a tour of the facility was conducted and all bedrooms were observed. Shared rooms were observed to have two closets, and the residents interviewed confirmed they had their own closet.
