The proposed amendments are as follows:

- (1) <u>Amendment to Title XXI demonstration waiver:</u> The existing waiver will expire for both children and adults effective September 30, 2013, without the amendment. The amendment will bridge coverage to children currently covered under the premium assistance program from October 1, 2013 through December 31, 2013. Adult coverage will be transferred to the Title XIX demonstration waiver, effective October 1, 2013 through December 31, 2013.
- (2) <u>Amendment to Title XIX demonstration waiver:</u> The amendment will bridge a gap in premium assistance coverage for adult participants currently covered by the Title XXI Children's Access to Health Insurance Waiver for the time period of October 1, 2013 through December 31, 2013.

Idaho Medicaid has notified Idaho Tribal representatives regarding this change in compliance with section 5006(e) of the American Recovery and Reinvestment Act of 2009.
