

Idaho Medicaid Plus (IMPlus) FAQs

What is Idaho Medicaid Plus?

Idaho Medicaid Plus is a plan for dual eligible beneficiaries that coordinates most of their Medicaid benefits through a health plan.

Why does Idaho have the Idaho Medicaid Plus?

Medicaid had legislative direction to find a solution for the high cost of Duals' healthcare. Dual eligible individuals make up 10% of Idaho's Medicaid population but require over one third (1/3) of the Medicaid budget. In addition, the typical dual eligible individual has more than four times the expenditures than Medicare-only beneficiaries. Idaho is joining most states across the US implementing innovative solutions to coordinate benefits and manage costs.

Who Are "Duals?"

Dual eligible individuals are 21 years of age or older and receive both Medicare (Parts A, B and D) and Enhanced Medicaid coverage. There are approximately 28,000 Duals individuals in the state of Idaho.

What programs are available for Idaho Duals?

Idaho Duals that live in the assigned counties have two choices for Medicaid programs:

- ✓ Medicare Medicaid Coordinated Plan (MMCP) – this is a voluntary program in which a health plan manages both your Medicare and Medicaid benefits into a single integrated plan. There are supplemental benefits available such as vision, gym memberships, meals and more. You also have access to a Care Coordinator that lives in your community and is available to help you navigate your health care needs.
- ✓ Idaho Medicaid Plus (IMPlus) – this is a mandatory program in which a health plan manages only your Medicaid benefits, unless you live in a passive county and then you may choose to 'opt out'. The program also offers a Care Specialist that is available by telephone to help you navigate your health care needs.

PLUS, all members have access to Care Coordination

What is Care Coordination?

Idaho Medicaid Plus will offer Care Coordination as a supplemental benefit. That means that members will have a single point of contact to serve as their advocate to help them navigate their Medicaid services. The Care Specialists will be available by telephone to the member and their family, physicians, or anyone that works directly with the member.

Is enrollment into Idaho Medicaid Plus mandatory?

In counties where there are two participating Health Plans, participation in Idaho Medicaid Plus is mandatory for Idaho Duals that have not enrolled in the Medicare Medicaid Coordinated Plan (MMCP). There are some groups of people who are excluded from mandatory enrollment, including Tribal members, pregnant women, and individuals on the Adult Developmental Disabilities Waiver program. Mandatory enrollment means that a dual eligible participant cannot opt out of participating in Idaho Medicaid Plus unless the participant is in an excluded population.

What does Passive Enrollment mean?

Passive enrollment will occur in counties where there is only one participating Health Plan. This means that dual eligible participants that reside in these counties will be enrolled into Idaho Medicaid Plus with the participating Health Plan unless the participant chooses to 'opt out.' If a participant opts out of Idaho Medicaid Plus, their Medicaid services are administered by the Division of Medicaid rather than the Health Plan.

Coverage for counties where passive enrollment is launching will be effective starting April 1, 2020.

Do I get to choose which Health Plan I want to enroll with?

YES! Idaho Duals will have the opportunity to select either Molina Healthcare of Idaho or Blue Cross of Idaho for their Idaho Medicaid Plus plan. Duals have ninety (90) days before the program effective date to select a health plan and an additional ninety (90) days after the effective date of their program to change their health plan. After the initial enrollment period there will be an Annual Open Enrollment (October 15 through December 7) in which Duals can change plans if they would like to.

Open Enrollment is October 15th- December 7th. Enrollment changes will go into effect January 1st.

Remember!

- Newly Eligible Duals may request to start their IMPlus program sooner than 90 days. If requested the effective date would be for the first of the come up month.

Does this mean I am losing Idaho Medicaid?

Absolutely not! What this means is that as a Dual your Medicaid services will be managed by a health insurance company (Blue Cross of Idaho or Molina Healthcare of Idaho.) You will receive an insurance card from the health plan as well as all other enrollee materials. Some Medicaid services will remain “carved-out,” meaning they will still be covered the way they are today. Your medical transportation services will still be administered by MTM and your dental benefits will be administered by MCNA.
