PURPOSE OF THIS NOTICE

This Notice of Privacy Practices describes how the Idaho Department of Health and Welfare (Department) handles confidential information, following state and federal requirements. All programs in the Department may share your confidential information with each other as needed to provide you benefits or services, and for normal business purposes. The Department may also share your confidential information with others outside of the Department as needed to provide you benefits or services.

We are dedicated to protecting your confidential information. We create records of the benefits or services you receive from the Department. We need these records to give you quality care and services. We also need these records to follow various local, state and federal laws.

We are required to:

- Use and disclose confidential information as required by law;
- Maintain the privacy of your information;
- Give you this Notice of our legal duties and privacy practices for your information; and
- Follow the terms of the Notice that is currently in effect.

This Notice of Privacy Practices does not affect your eligibility for benefits or services.

YOUR RIGHTS ABOUT YOUR CONFIDENTIAL INFORMATION

1. Right to Review and Copy

You have the right to ask to review and copy your information as allowed by law.

If you would like to ask to review and copy your information, a "[Records Request](#)" form is available at Department offices or its website. You must complete this form and return it to the Department. The Department will respond to your request according to the Idaho Public Records Act and the federal HIPAA Laws.

If you ask to receive a copy of the information, we may charge a fee.

You will be told if there is information we are legally prevented from disclosing to you.

2. **Right to Amend**

You have the right to ask us to make changes to your information if you feel that the information we have about you is wrong or not complete.

If you would like to ask the Department to change your information, a "Request to Amend Records" form is available at Department offices or its website. You must complete this form and return it to the Department. The Department will respond to your request within 10 days.

We may deny your request if you ask us to change information that:

- Was not created by the Department;
- Is not part of the information kept by or for the Department;
- Is not part of the information which you would be allowed to review and copy; or
- We determine is correct and complete.

3. **Right to Restrict Health Information Disclosures**

You have the right to ask us not to share your health information for your treatment or services, or normal business purposes. You must tell us what information you do not want us to share and who we should not share it with.

If you would like to ask the Department to not share your information, a "Request to Restrict Health Information Disclosures" form is available at Department offices or its website. You must complete this form and return it to the Department. The Department will respond to your request in writing.

If we agree to your request, we will comply unless the information is needed to give you emergency treatment, or until you end the restriction. In situations where you or someone on your behalf pays for an item or service, and you request that information concerning said item or service not be disclosed to a health insurer, we will agree to the requested restriction.

4. **Right to an Alternate Means of Delivery**

You have the right to ask that we communicate with you by alternative means or at alternative locations. For example, you can ask that we send your information from one program to a different mailing address from other programs that you receive services or benefits from.

If you would like to ask for an alternate means of delivery for your information, a "Request for Alternate Means of Delivery" form is available at Department offices or its website. You must complete this form and return it to the Department. The Department will respond to your request if it is denied for some reason.

We will not ask you the reason for your request. Reasonable requests will be approved.

5. **Right to a Report of Health Information Disclosures**

You have the right to ask for a report of the disclosures of your health information. This report of disclosures will not include when we have shared your health information for treatment, payment for your treatment or normal business purposes, or the times you authorized us to share your information.

If you would like to ask for a report of your health information disclosures, a "Request to Receive a Report of Health Information Disclosures" form is available at Department offices or its website. You must complete this form and return it to the Department. The Department will respond to your request according to the Idaho Public Records Act and the federal HIPAA Laws.

The first report you ask for and receive within a calendar year will be free of charge. For additional reports within the same calendar year, we may charge you for the costs of providing the report. We will tell you the cost and you may choose to remove or change your request at that time before any costs are charged to you.

If you stop your permission, we will no longer use or share that information. You must understand that we are unable to take back any information already shared with your permission.
- **Individuals that are part of your care or payment for your care.** We may give your information to a family member, legal representative, or someone you designate who is part of your care.
