## **Mission**

Recovery Idaho mission

We support the recovery community by collaborating with local groups and organizations in the development and delivery of community driven recovery support services. We work on behalf of all those impacted by recovery (including family members, friends and allies) through service, education, and advocacy, to remove the stigma and discrimination surrounding addiction and mental illness.

Recovery Idaho does this by:

- Providing coaching services to individuals in recovery with the goal of maintaining long term individual wellness, regardless of their recovery path.
- Providing opportunities for individuals in recovery to build on their potential, rather than focusing on their pathology.
- Putting a face on recovery to ensure the recovery community is treated with dignity and respect.
- Creating an environment where citizens and their communities can collaborate to create positive change and eliminate barriers for those in and those impacted by recovery.
