

Access to Recovery ATR4

Child Protection Population

ATR4 Overview

- SAMHSA grant to provide Substance Use Disorder (SUD) services to specific populations. Idaho is one of only six applicants to receive this grant
- Focus on a client-centered approach and client choice in treatment services and planning
- ATR4 and all grant funded services will expire September 29, 2017

Priority Populations

- o Veterans with SUD on supervised probation who are involved in a problem solving court
- o Homeless individuals and families
- o Court-involved Child Welfare families with SUD
 - o A “court-involved” child welfare case is a case where a family has an open petition in a child protection proceeding placing the child(ren) either in the legal custody of, or under the protective supervision of, the Department. ATR4 provides access to both voluntary and involuntary court-involved child welfare cases.

Referral Sources

ATR - Veterans

- o Veteran Treatment Court Coordinators or a Misdemeanor Probation Officers will refer clients to BPA

ATR - Homeless

- o Community-based organizations will refer clients to BPA

ATR - Child Welfare

- o Substance Abuse Liaisons from FACS will refer court involved clients into ATR4 via the paper pathway to BPA
- o Child Protection Drug Court Coordinators from ISC will refer clients via the paper pathway to BPA

Services

Some of the services available in ATR4:

Treatment Services

- o Intensive Outpatient
- o Outpatient

Recovery Support Services (RSS)

- o Case Management
- o Drug Testing
- o Transportation
- o Life Skills
- o Safe and Sober Housing

**ATR4 will not cover residential. If a client is assessed as needing residential at any point during treatment, the client will switch to CP-SUD funding for remainder of the treatment episode.*

CP-SUD or ATR4?

Any eligible client should be referred to ATR4 before they are referred to CP-SUD. Clients will receive services under their original funding source unless the client is receiving ATR4 funding and requires residential treatment. There must be 30 days between discharge and intake to be considered a separate treatment episode.

ATR4 Funding

- o Client is both child welfare and court-involved
- o Client has not received CP-SUD funding in the past 30 days
- o CP-SUD termination form will not be used on ATR4 CP clients

CP-SUD Funding

- o Client is currently receiving CP-SUD funding and becomes court-involved
- o Client was discharged from CP-SUD funding within the past 30 days and is relapsing
- o Client requires residential treatment
- o Client is not court involved

Regulations

HIPAA and 42 CFR Part 2

- o Community-based organization must have a release of information to communicate with the Treatment or RSS provider

Reporting requirements—Center for Substance Abuse Treatment (CSAT)

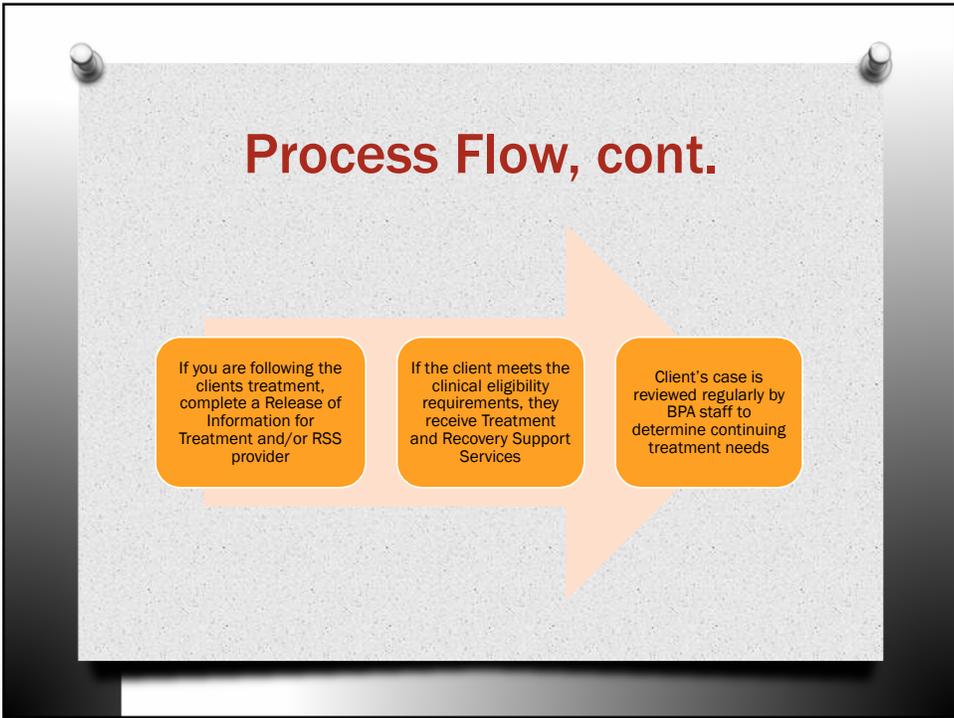

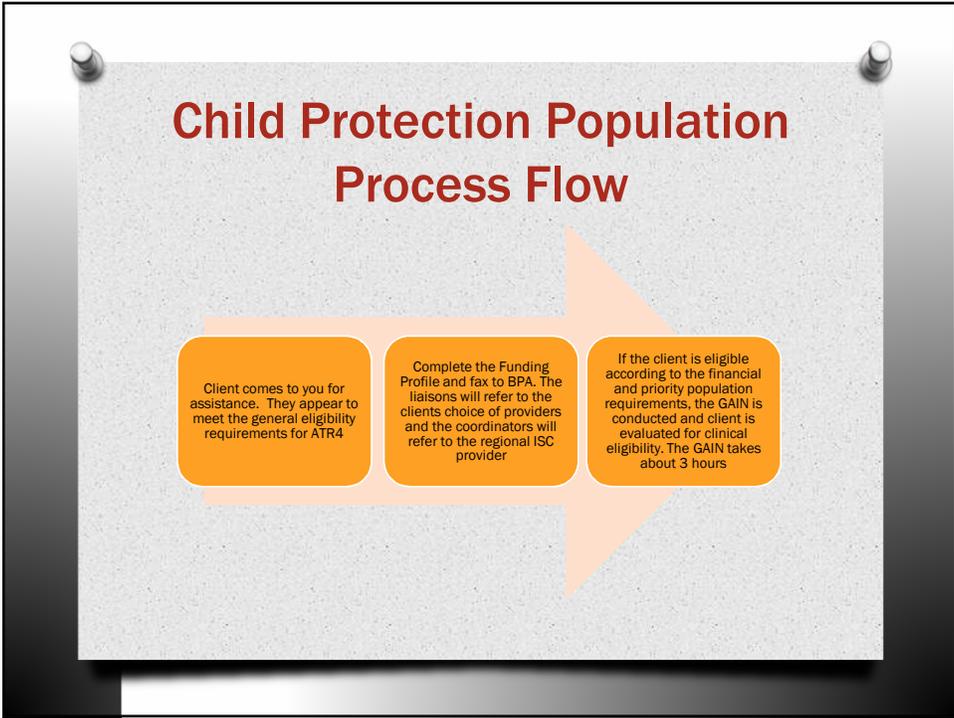

- o Government Performance and Results Act (GPRA) required to be completed by Treatment providers at intake, 6 months, and discharge. In addition to meeting reporting requirements, it empowers the client to provide feedback of the program, let the Tx provider know how they are doing with their recovery, and see if additional services are necessary

Projections for Child Protection Clients

The average cost per client is projected at \$1,900

On average, ATR4 clients are expected to receive services for 3-4 months

	Target Number Served	Budget
Year 1	360	\$769,015
Year 2	430	\$728,816
Year 3	400	\$786,776
Total	1,190	\$2,284,606
