

You Can't Stop What You Don't Know!!!

Boozing, Doping, Smoking, Clothing & Synthetics

Moscow, Idaho

This class will really test your knowledge on the youth and adult alcohol and drug culture. The climate of drug and alcohol use is always changing, no matter the age level or demographic. Preventing alcohol and drug abuse can be difficult if we don't understand what we are dealing with. During the past year, new clothing, drugs, alcoholic drinks, music, and concealment methods have come to our communities. Along with these new trends, new "neighborhood drug-promoting stores" have also become more popular.

Knowledge is power. Knowing the local establishments and what a certain logo truly stands for, we can be ahead in the fight against drug abuse! **This class will provide over 100 visual aids, along with photos, videos and detailed descriptions of the different items and trends.** After attending this course, you will be able to recognize, identify, and stop drug abuse in your community. You will know national trends and local Idaho trends. You will also be armed with tools to create policies in your coalition, school, or community. **You can't stop what you don't know!**

Instructor Officer Jermaine Galloway:

Officer Galloway has been an Idaho law enforcement officer since 1997. Officer Galloway provides nationwide training to thousands of coalition members, law enforcement, probation officers, prevention personnel, youth, parents and educators on school and community substance abuse prevention. With this knowledge, Officer Galloway provides great insight into the drug and alcohol culture. Officer Galloway shows local and national locations selling drug and underage-drinking related items, logos and identifiers. In 2010, Officer Galloway provided training to over 15,000 people nationwide. Also, in 2010, Officer Galloway received the National "Mickey Sadoff" Underage Drinking Award from MADD (Mothers Against Drunk Driving).

The Class is limited to the first 75 registrations.
