

DATE: February 4, 2015
TO: SUD and Domestic Violence Treatment Providers
FROM: Business Psychology Associates Provider Network Management
SUBJECT: Funding for Services

As providers that serve clients both in need of SUD services as well as domestic violence treatment, we want to clarify the distinction in funding for this population.

It is important that state and federal funds appropriated for substance use disorder services are not utilized for domestic violence treatment. Individual and group counseling focused specifically on domestic violence issues should not be reimbursed through SUD funding.
