

RECOVERY IS OUT - TO CHANGE THE ADDICTION CONVERSATION FROM - PROBLEMS TO SOLUTIONS

THE BASICS: *The Anonymous People* is a feature documentary film about more than 23 million Americans living in long-term recovery from alcohol and other drug addiction.

The film unites a collective voice to change the conversation about addiction recovery to eliminate all social stigmas around this preventable and treatable disease. It also addresses the confusion regarding the tradition of anonymity within 12-step organizations and presents examples of people in all walks of life who advocate publicly to save the lives of others.

Here in Boise, <u>we</u> can be part of the conversation.

When: Tuesday, September 24th at 7:30 p.m.

Where: Downtown Edwards 9
