

Autism Parent Support Group

The St. Luke's-Elks Children's Rehab Autism Parent Support Group was developed for parents to meet and discuss the challenges and joys of raising children on the autism spectrum. Speakers and/or community support personnel may also attend for educational opportunities.

This support group is parent-led, and intended for parents of children with autism to learn and support each other. We appreciate your efforts to find a babysitter for the evening, as new environments and people may pose a challenge for our children with autism. Thank you.

First Thursday of the Month, 7:00 p.m.
St. Luke's Magic Valley Medical Center
Pine Room
801 Pole Line Road W., Twin Falls, Idaho 83301

Cost: Free

Contact Amy Starr at (208) 814-7950 or Karee Conner (208) 490-0796 or karee@centurylink.net for more information.
