From:

Subject:

Information for Billing Long Term Care Claims

Service dates before October 1, 2010

For participants who do not have an approved special rate, providers should submit claims using revenue code 100. For participants who have an approved special rate, providers must submit claims using revenue code 101 combining the facility's daily rate amount plus the participant's approved special rate.

Service dates after October 1, 2010

Providers should continue to submit claims using the revenue code 100 for the facility's daily rate. For participants with an approved special rate, providers must submit claims using the revenue code 100 for the daily rate on the first detail line, and also must submit a second detail line using the revenue code 101 showing only the participant's special rate. All detail lines should have appropriate number of days as units billed.
