BACKGROUND

Podiatry Services

With House Bill 260 in 2011, the Idaho State Legislature reduced podiatry services. The Bill allowed coverage of podiatry services according to "chronic care guidelines". In 2012, the Department promulgated rules that allowed coverage of podiatric services for both adults and children as allowed under the podiatry scope of practice, and according to guidelines for care of chronic conditions.

POLICY

Eligible participants include:

- 01. Participants Who Have a Chronic Disease.** Participants who have a chronic disease where the evidence-based guidelines recommend regular foot care.
- 02. Participants with an Acute Condition.** Participants with an acute condition that, if left untreated, may cause an adverse outcome to the participant's health.

Coverage for podiatrist services is limited to:

- 01. Services Defined in Chronic Care Guidelines.** Acute and preventive foot care services defined in chronic care guidelines; and
- 02. Treatment of Acute Conditions.** Treatment of acute conditions that if left untreated will result in chronic damage to the participant's foot.

INVESTIGATIONAL AND NOT MEDICALLY NECESSARY

Any procedure that is considered to be experimental or investigational is not covered.

RATIONALE

This policy was originally developed based on legislative initiative in House Bill 260 (<http://legislature.idaho.gov/legislation/2011/H0260.pdf>)
