LEGAL NOTICE

Pursuant to 42 CFR § 447.205, the Idaho Department of Health and Welfare gives notice of its proposed changes to the Idaho State Medicaid Plan effective January 1, 2013.

The proposed changes will update the Medicaid/Medicare Coordinated Benchmark Benefit Package (MCCP). Routine audiology services for adults will be added back into the MCCP as a covered service. An increase in services provided by podiatrists and optometrists based on chronic care criteria will be added back into the MCCP. Chiropractic services will be increased from six visits a year to twenty-four visits a year in the MCCP.

Barbiturates and Benzodiazepines will be covered by Part D for dual eligible individuals when used in the treatment of epilepsy, cancer or a chronic mental health disorder effective January 1, 2013. This results in Barbiturates and Benzodiazepines being removed from the excluded list within the MCCP.

In addition a change will be made to the primary care physician codes related to a specific group of providers. The providers will be paid through an alternate fee schedule at 100% of the Medicare rate. The specific group of eligible providers will include all specialist and subspecialist recognized by the American Board of Medical Specialties within the three specialty designations family medicine, general medicine, and pediatric medicine. These specialty types will be eligible for increased payment for primary care services. For physicians who are not certified by the American Board of Medical Specialties, a method will be defined for determining eligibility that aligns with the methods used for the Medicare Incentive Payments for Primary Care.

The proposed service changes are in accordance with House Bill 609 Section 1 (2012), which is now codified at Idaho Code § 56-225 (5)(d). The primary care physician code changes are in accordance with section 1202 of the Health Care and Education Reconciliation Act of 2010, which requires States to increase Medicaid reimbursement for certain primary care services in 2013 and 2014. (77 Fed. Reg. 66,671.1). The pharmacy changes are in accordance with the Medicare Improvement for Patients and Providers Act of 2008 (MIP-PA) amended section 1860D-2(e)(2)(A).

The change in service delivery will not affect many participants covered under the MCCP; the capitated payment did not change. Also the services and enrollment limits were expanded to include Adams, Blaine, and Valley Counties.

No public hearings have been scheduled at this time.

For technical questions or to review the changes, call Robert Kellerman at (208) 364-1994, or e-mail the request to kellermr@dhw.idaho.gov
