The CHIP Agency meets all of the requirements of 42 CFR 457, subpart C for application processing, eligibility screening and enrollment.

Application Processing

An attachment is submitted.

- An alternative application used to apply for multiple human service programs approved by the Secretary, provided that the agency makes readily available the single or alternative application used only for insurance affordability programs to individuals seeking assistance only through such programs.

The procedures ensure that only targeted low-income children are provided CHIP coverage and that enrollment is facilitated for applicants found to be potentially eligible for other insurance affordability programs.

Procedures include:

- Screening of application to identify all individuals eligible or potentially eligible for CHIP or other insurance affordability programs; and
- Income eligibility test, with calculation of household income consistent with 42 CFR 457.315 for individuals identified as potentially eligible for Medicaid or other insurance affordability programs based on household income; and
- Screening process for individuals who may qualify for Medicaid on a basis other than having household income at or below the applicable MAGI standard, based on information in the single streamlined application.

The CHIP agency has entered into an arrangement with the Exchange to make eligibility determinations for advanced premium tax credits in accordance with section 1943(b)(2) of the SSA.

Yes

Redetermination Processing

- Redeterminations of eligibility for individuals whose financial eligibility is based on the applicable modified adjusted gross income standard are performed as follows, consistent with 42 CFR 457.343:
- Once every 12 months.
 - Without requiring information from the individual if able to do so based on reliable information contained in the individual's account or other more current information available to the agency.
- If the agency cannot determine eligibility solely on the basis of the information available to it, or otherwise needs additional
- information to complete the redetermination, it provides the individual with a pre-populated renewal form containing the information already available.

Screening by Other Insurance Affordability Programs

The CHIP Agency provides assurance that it has adopted procedures to accept and process electronic accounts of individuals screened as potentially eligible for CHIP by other insurance affordability programs in accordance with the requirements of 42 CFR 457.348(b) and to determine eligibility in accordance with 42 CFR 457.340 in the same manner as if the application had been submitted directly to, and processed by the state.

The CHIP Agency elects the option to accept CHIP eligibility decisions made by the Exchange or other agencies administering insurance affordability programs as provided in 42 CFR 457.348 and to furnish CHIP in accordance with requirements of 42 CFR 457.340 to the same extent and in the same manner as if the applicant had been determined by the state to be eligible for CHIP.

Thanks Lori! I think this looks good. Note that we will only be able to do a conditional approval of the SPA—contingent on having the health-only and online app up and running by the discussed dates. But I think this works well for the multi-benefit paper app.

Hello,
Attached is our updated version of the multi-benefit application based on our conversation last week and your suggested changes. Would you mind taking one more look at this before we submit this on the SPA? We would at least like to have verbal approval that we are all on the same page.
Thanks for your response.

Hi there Idaho team,

Looking forward to our discussion tomorrow—I think the multi-benefit application is in great shape and I am attaching a version here with a few comments for your consideration and our discussion.

Also, has the state done more thinking about making available a health-only application as well?

Does the state have a timeline for the availability of a dynamic online application instead of a fillable PDF?

Thanks so much,
Dena
