

Individualized Funding Graph

adapted from *Overview of Individualized Funding & Independent Planning*,
Stainton & Salisbury
(for full text, see link under additional resources)

"How's that going to work?" is a question that Support Brokers will have to answer over and over. The following graph provides a representation of how Fiscal Employer Agents and Support Brokers facilitate the spending of dollars that the funding source has allocated for services. More detail will surely be forthcoming; however, this is a clear description of the path the dollars will take.
