The Infant Toddler Program has adopted the following tools for completing the Child Outcome rating scale:

- **Battelle Developmental Inventory – 2nd Edition (BDI – II).**
- **Hawaii Early Learning Profile (HELP) Checklist.**
- **Assessment, Evaluation, and Programming System (AEPS®) for Infants and Children.**
- The **Carolina Curriculum for Infants and Toddlers with Special Needs (CCITSN).**
- Brigance ® Diagnostic Inventory of Early Development – II.
- **Bayley Scales of Infant and Toddler Development®, 3rd edition (Bayley III ®).**
- Developmental Assessment of Young Children (DAYC-2).
- Mullen Scales of Early Development in conjunction with a Social Emotional Screener Assessment (at entry only for premature infants).
- Minnesota Child Development Inventory (only for IESDB staff to complete).
- Measure of Engagement, Independence, and Social Relationships (MEISR)
- **The Oregon Project for Visually Impaired & Blind Preschool Children: Skills Inventory (only for IESDB staff to complete)**
- Screener covering all developmental areas (only for exit anchor tool).
