

Idaho Infant Toddler Program Public Reporting FFY 2012, 2013, 2014

In accordance with federal requirements, each state must report to the public annually on its performance in meeting the established targets set in the **State Performance Plan (SPP)**. Performance in meeting these measurable and rigorously set targets in Idaho's SPP over the past reporting period was reported by each regional early intervention program and is presented here. Please select a link for additional information.

[SPP/APR Indicator #1](#)

Percent of infants and toddlers with IFSPs who received the Early Intervention services on their IFSPs in a timely manner.

[SPP/APR Indicator #2](#)

Percent of infants and toddlers with IFSPs who primarily received Early Intervention services in their home or programs for typically developing peers.

[SPP/APR Indicator #3A, B and C](#)

Percent of infants and toddlers with IFSPs who demonstrate improved:

- A: positive social-emotional skills (including social relationships);
- B: acquisition and use of knowledge and skills (including early language/communication); and
- C: use of appropriate behaviors to meet their needs.

[SPP/APR Indicator #4A, B and C](#)

Percent at or above the standard measure that the state adopted for families participating in Part C who report that Early Intervention services have helped their family:

- A: know their rights.
- B: effectively communicate their child's needs.
- C: aid their child's development and learning.

[SPP/APR Indicator #5](#)

Percent of infants and toddlers enrolled in an Early Intervention program between birth and 1 year of age.

[SPP/APR Indicator #6](#)

Percent of infants and toddlers enrolled in an Early Intervention program between birth and 3 years of age.

[SPP/APR Indicator #7](#)

Percent of infants and toddlers with IFSP's for whom an evaluation, assessment, and an initial IFSP meeting were conducted within Part C's 45-day timeline.

[SPP/APR Indicator #8A, B, and C](#)

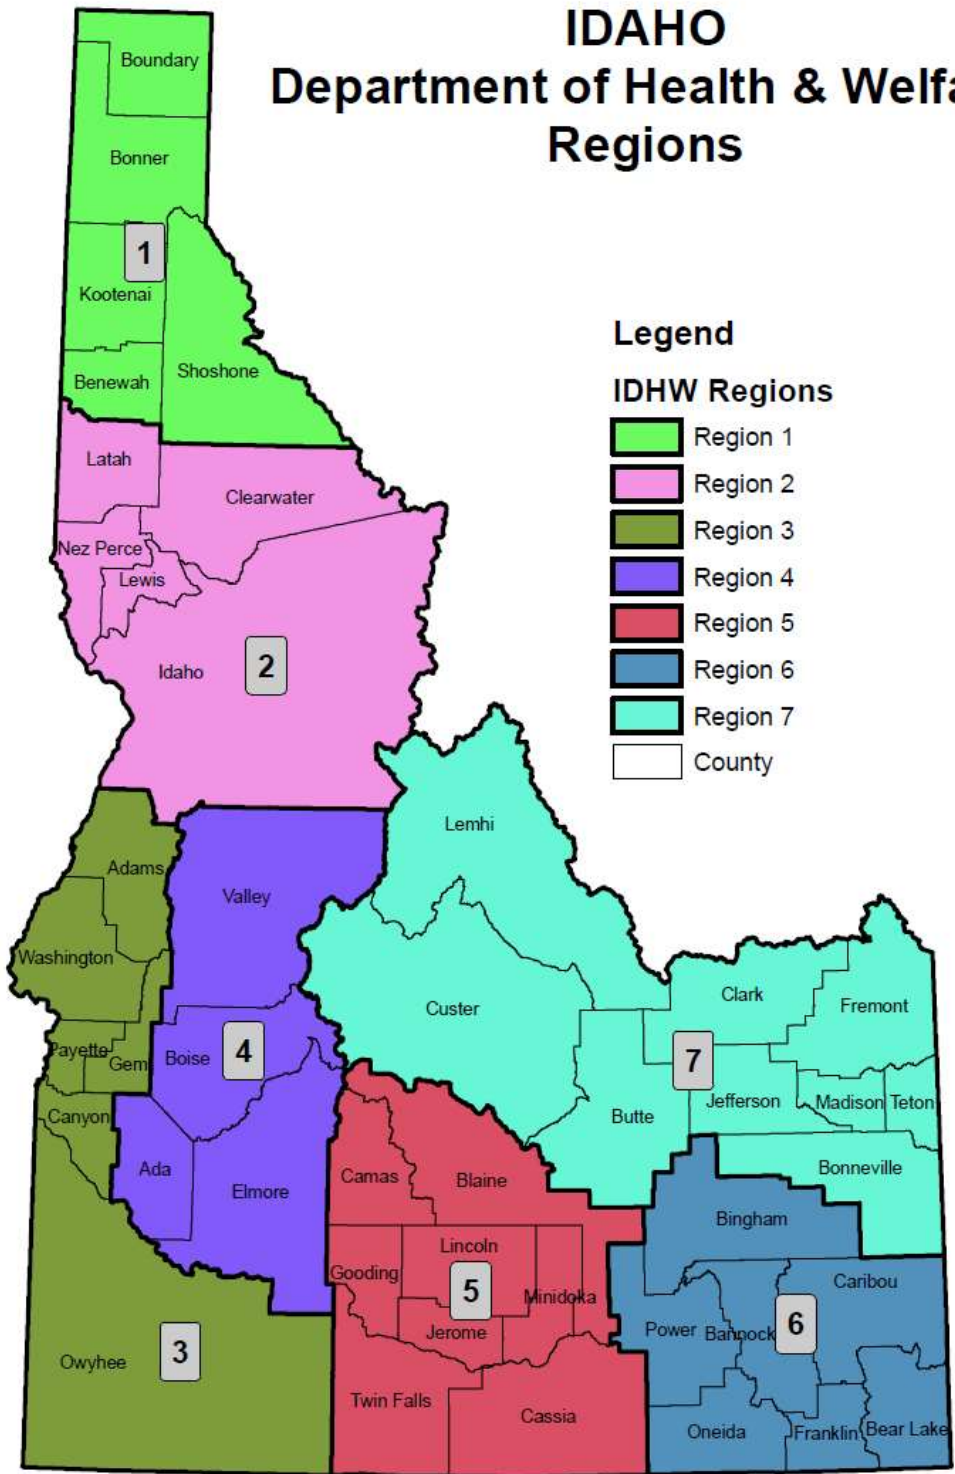

- A: Percent of all children exiting Part C who had an IFSP that included transitional steps and services.
- B: Percent of children exiting Part C and potentially eligible for Part B where notification to local education agency (LEA) and state education agency (SEA) occurred.
- C: Percent of children exiting Part C where transition conference occurred.

IDAHO

Department of Health & Welfare

Regions

The Department of Health and Welfare is organized into seven Regions that provide programs to foster a productive, healthful and independent quality of life for Idaho citizens. Each Region serves several counties.
