

Virtual EI Family Technology Questionnaire

Child's Name: _____

Let's answer the following questions to see if you are set up and ready for virtual early intervention:

1. Do you have access to a secure internet connection at home?
 Yes No
2. Do you have access to a smartphone/tablet/laptop or computer with webcam and speakers?
 Yes No
3. Have you used video conferencing/chat in the past? (this is not required, but may help gauge the family's comfort with technology)
 Yes No
4. Have you used the following programs? (this is not required, but may help gauge the family's comfort with technology)
 Facetime Skype Messenger Hangouts Other _____
5. Has the bandwidth (the maximum speed in which the data moves through your internet connection) at your home been checked using www.Bandwidthplace.com or another online option and does it meet the recommended upload and download speed of **1.5 Mbps** for high-quality video over the internet?
 Yes No
6. Does your internet or wireless plan have enough data capacity to accommodate the use of Virtual EI? Note: ITP is not responsible for any additional data cost incurred as a result of receiving Infant Toddler Program services through Virtual EI.
 Yes No
