Amazon Fresh and subscription services are not currently available for EBT purchases.

Check on-line or contact Walmart and Amazon directly for more information about how to pay with EBT cards online, and to find pick-up locations and delivery availability in your area.

If online purchasing is not available where you live, check with your local store to see if other options are available.

You may also let a friend, family member, or someone else you trust do the shopping for you or pick up orders you've placed online.

Get Delivery or Pick up your groceries curbside

You can designate the time and date that you want to pick up your grocery order. An associate will meet you in the parking lot, and place your order in the back of your car.

Delivery fees may apply and cannot be paid for using SNAP benefits.
