

IRIS UPDATES

Presented by: Tamarie Olson

OPT-OUT

TWO OPT OUT OPTIONS

1

- **Patient medical information only**
 - Removal of shot dates and provider information
 - Leaves minimal patient demographic information
 - Enough information to “block” any incoming records

2

- **All patient information**
 - Removal of both medical and demographic information
 - No information is left to “block” incoming records, so patient may need to opt-out multiple times

OPT-OUT RESPONSIBILITIES

MEDICAL
PROVIDERS

- Inform all patients that their vaccination information will be entered into IRIS, and that IRIS is a voluntary system
- Patients may opt-out of IRIS at anytime through the IIP
- Direct patients to www.immunizeidaho.com

Quick Links

- IRIS Access
- **Trainings**
- Resource Order Form
- Vaccine Bins and Labels Order Form
- **IRIS Opt Out**
- Meaningful Use and Data Exchange
- Vaccine Preventable Diseases
- Immunization Records Requests
- School Data
- Vaccine Safety

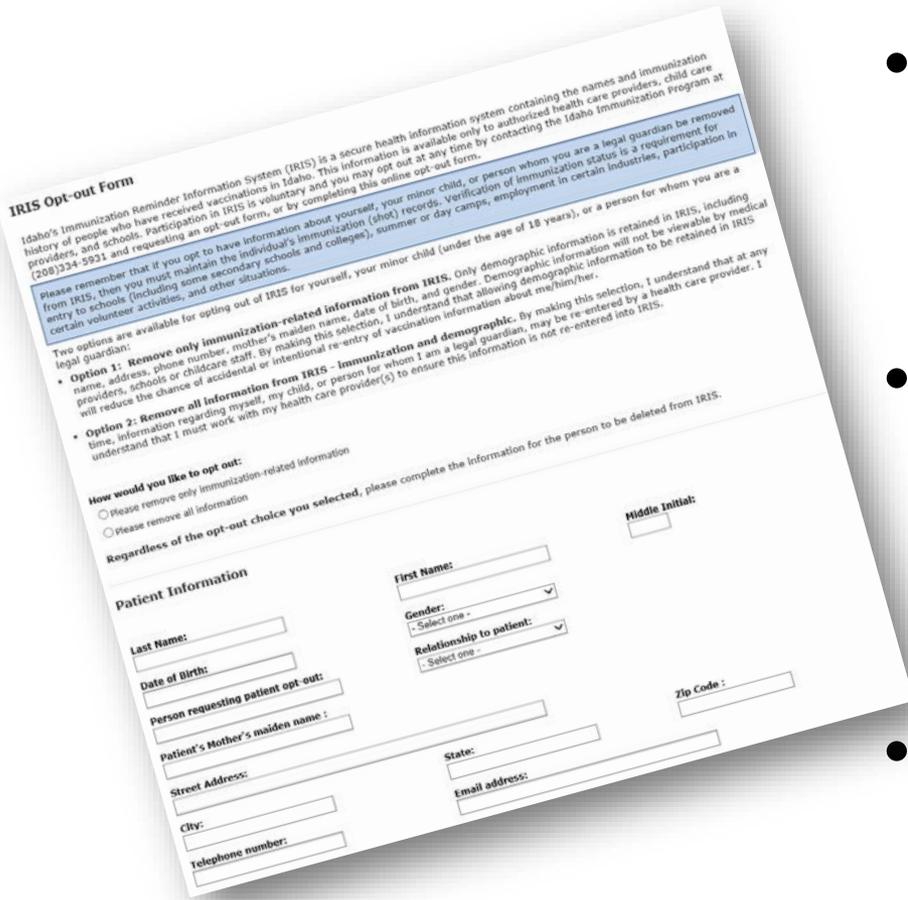

OPT-OUT RESPONSIBILITIES

MEDICAL
PROVIDERS

- Keep patient information out of IRIS when the patient has an IRIS opt-out confirmation letter
- Account for all doses of vaccine administered to patients who have opted-out

OPT-OUT RESPONSIBILITIES PATIENTS

IRIS Opt-out Form

Idaho's Immunization Reminder Information System (IRIS) is a secure health information system containing the names and immunization history of people who have received vaccinations in Idaho. This information is available only to authorized health care providers, child care providers, and schools. Participation in IRIS is voluntary and you may opt out at any time by contacting the Idaho Immunization Program at (209)324-9931 and requesting an opt-out form, or by completing this online opt-out form.

Please remember that if you opt to have information about yourself, your minor child, or person whom you are a legal guardian be removed from IRIS, then you must maintain the individual's immunization (shot) records. Verification of immunization status is a requirement for entry to schools (including some secondary schools and colleges), summer or day camps, employment in certain industries, participation in certain volunteer activities, and other situations.

Two options are available for opting out of IRIS for yourself, your minor child (under the age of 18 years), or a person for whom you are a legal guardian:

- **Option 1: Remove only immunization-related information from IRIS.** Only demographic information is retained in IRIS, including name, address, phone number, mother's maiden name, date of birth, and gender. Demographic information will not be viewable by medical providers, schools or childcare staff. By making this selection, I understand that allowing demographic information to be retained in IRIS will reduce the chance of accidental or intentional re-entry of vaccination information about me/him/her.
- **Option 2: Remove all information from IRIS - Immunization and demographic.** By making this selection, I understand that at any time, information regarding myself, my child, or person for whom I am a legal guardian, may be re-entered by a health care provider. I understand that I must work with my health care provider(s) to ensure this information is not re-entered into IRIS.

How would you like to opt out:

Please remove only immunization-related information

Please remove all information

Regardless of the opt-out choice you selected, please complete the information for the person to be deleted from IRIS.

Patient Information

Last Name:

Date of Birth:

Person requesting patient opt-out:

Patient's Mother's maiden name:

Street Address:

City:

Telephone number:

First Name:

Gender:

Relationship to patient:

Middle Initial:

State:

Email address:

Zip Code:

- Compete the IRIS opt-out form
 - www.immunizeidaho.com
- Receive an opt-out confirmation letter
 - Will be sent once the process has been completed
- Provide a copy of the opt-out letter to medical provider
