## Agenda Topics:

---

### **Welcome, Introductions, and Meeting Overview** – *Mary Sheridan, Bureau of Rural Health and Primary Care*

- ◆ Mary Sheridan welcomed everyone. In-person and phone attendees introduced themselves. A motion for approval of the August meeting minutes was passed.

### **Idaho Healthcare Coalition (IHC) Transition** – *Casey Moyer, Office of Healthcare Policy Initiatives (OHPI)*

- ◆ IHC, governing body for SHIP, is winding down but healthcare transformation is for everyone and extends past SHIP.
- ◆ IHC transformation sustainability workgroup, a 14-member workgroup, was formed and a draft charter, business case, and proposed members for the Healthcare Transformation Council of Idaho (HTCI) was created and will be presented to the IHC for consideration.
- ◆ Healthcare Transformation Council of Idaho (HTCI) will help coordinate and facilitate healthcare transformation in Idaho. The council will consist of 25 members.
- ◆ OHPI will continue to support logistics and administrative support which includes personnel to help staff the CHEMS workgroup, if necessary.
- ◆ Will the CHEMS workgroup integrate with the HTCI? Casey explained there has been a lot accomplished and we're looking at having a multi-payer workgroup. We need to start focusing on data collection, CEMT curriculum, and sustainability models. We also need to start discussing what payment would look like. The CHEMS workgroup members need to determine if this workgroup should continue.

### **Community Health EMT (CEMT) Training** – *Marta Tanikuni, Bureau of EMSP and Travis Spencer, Ada County Paramedics*

- ◆ 1<sup>st</sup> Cohort – the first cohort is comprised of eight (8) students and seven (7) weeks underway. The students have covered the following subjects: Cultural Competency, Chronic Disease Management,

Patient Centered Medical Home, and Social Determinants. They are currently starting their optional modules.

- ◆ 2<sup>nd</sup> Cohort – the second cohort is taught by Eric Day and Renee Miller and is comprised of 23 students. These students represent 14 EMS agencies throughout Idaho. The cohort commenced September 19<sup>th</sup>. The training will be delivered live, online over 13 weeks and includes 39 hours of live, online learning plus an additional nine (9) hours of asynchronous Health Specific Modules, totaling 48 hours of coursework.

#### **Medication Adherence Webinar** – *Madeline Russell, SHIP*

- ◆ The save-the-date for the 3-part series webinar has been sent out. The webinar will be presented by Linda Mikitish on the following dates and will cover:
