

Idaho EMS Listserve

The Idaho EMS Bureau encourages EMS agencies and providers to sign up for the Idaho EMS listserve. The purpose of our listserve is to provide an effective and timely communication tool where important—sometimes critical—information about EMS is communicated.

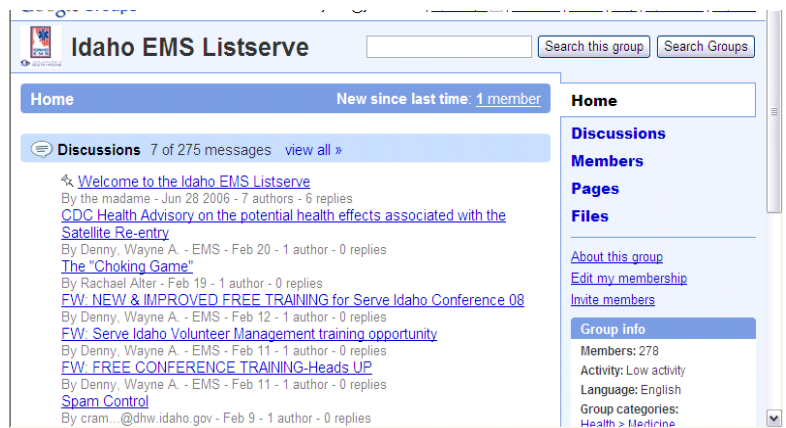

Convenient * Easy *
Up-to-Date Information

The EMS Bureau will be using the listserve as one of the primary communication tools for items such as bureau updates and changes, grants, exams, local and national EMS conferences, legislative items, employment opportunities, EMSAC and EMSPC items and much more.
