RE: Idaho State Plan Amendment (SPA) Transmittal Number 17-0009

Dear Mr. Barron:

The Centers for Medicare & Medicaid Services (CMS) has completed its review of the enclosed State Plan Amendment (SPA), Transmittal Number 17-0009. This SPA amends Idaho’s Enhanced Alternative Benefit Plan (Enhanced ABP) to align the Enhanced ABP’s benefit plans with the changes that have been made to the Base Benchmark plan.

This SPA was approved by CMS on October 11, 2017, with an effective date of January 1, 2017. Enclosed is a copy of the CMS-179 summary form, as well as the approved pages for incorporation into the Idaho State Plan.

If there are any questions concerning this approval, please contact me or your staff may contact Walter Neal at walter.neal@cms.hhs.gov or at (206) 615-2330.

Sincerely,

David L. Meacham
Associate Regional Administrator

V.20130724
Voluntary Enrollment Assurances for Eligibility Groups other than the Adult Group under section 1902(a)(10)(A)(i)(VIII) of the Act

These assurances must be made by the state/territory if the ABP Population includes any eligibility groups other than or in addition to the Adult eligibility group.

When offering voluntary enrollment in an Alternative Benefit Plan (Benchmark or Benchmark-Equivalent), prior to enrollment:

☑ The state/territory must inform the individual they are exempt and the state/territory must comply with all requirements related to voluntary enrollment.

☑ The state/territory assures it will effectively inform individuals who voluntary enroll of the following:
  a) Enrollment is voluntary;
  b) The individual may disenroll from the Alternative Benefit Plan at any time and regain immediate access to full standard state/territory plan coverage;
  c) What the process is for disenrolling.

☑ The state/territory assures it will inform the individual of:
  a) The benefits available under the Alternative Benefit Plan; and
  b) The costs of the different benefit packages and a comparison of how the Alternative Benefit Plan differs from the approved Medicaid state/territory plan.

How will the state/territory inform individuals about voluntary enrollment? (Check all that apply.)

☐ Letter
☐ Email
☒ Other:

Describe:

The Department has procedures to take applications, assist applicants, and perform initial processing of applications for Medical Assistance that includes informing each eligible individual of the available benefit options. The Department will inform each individual in a covered population that enrollment in the Enhanced Alternative Benefit Plan is voluntary (i.e., participants may opt in), and that such individuals may opt out of the Enhanced Alternative Benefit Plan at any time and regain immediate eligibility for Medicaid benefits under the Standard State plan or Basic ABP.

The Department will provide such information, in writing, to covered populations, at the following opportunities:
  • Initial application for assistance;
  • Notice of eligibility determination; and
  • Selection of primary care case manager.

As part of the application process, applicants will fill out a “Rights and Responsibility” page that includes areas for them to confirm that they have chosen their plan.

http://healthandwelfare.idaho.gov/Portals/0/FoodCashAssistance/ApplicationForAssistance.pdf

The participant handbook, "Idaho Health Plan Coverage," tells participants how they can enroll in another plan, and is available online at http://healthandwelfare.idaho.gov/Medical/Medicaid/tabid/123/Default.aspx. This document is also available in hard copy upon request from any Health and Welfare office.
Alternative Benefit Plan

Provide a copy of the letter, email text or other communication text that will be used to inform individuals about voluntary enrollment.

An attachment is submitted.

When did/will the state/territory inform the individuals?

The state informs participants of their benefit plan options at the time of enrollment, at redetermination, and upon request.

Please describe the state/territory's process for allowing voluntarily enrolled individuals to disenroll.

The Department has an "Any Door" policy. The participant can notify their local eligibility office, their regional office, their Healthy Connections provider, or the Medicaid Central Office and obtain information about changing plans.

✔ The state/territory assures it will document in the exempt individual's eligibility file that the individual:
  a) Was informed in accordance with this section prior to enrollment;
  b) Was given ample time to arrive at an informed choice; and
  c) Voluntarily and affirmatively chose to enroll in the Alternative Benefit Plan.

Where will the information be documented? (Check all that apply.)

☒ In the eligibility system.

☐ In the hard copy of the case record.

☐ Other:

What documentation will be maintained in the eligibility file? (Check all that apply.)

☒ Copy of correspondence sent to the individual.

☒ Signed documentation from the individual consenting to enrollment in the Alternative Benefit Plan.

☐ Other:

✔ The state/territory assures that it will maintain data that tracks the total number of individuals who have voluntarily enrolled in an Alternative Benefit Plan and the total number who have disenrolled.

## Selection of Benchmark Benefit Package or Benchmark-Equivalent Benefit Package

Select one of the following:

- ☐ The state/territory is amending one existing benefit package for the population defined in Section 1.
- ☐ The state/territory is creating a single new benefit package for the population defined in Section 1.

Name of benefit package: Enhanced Alternative Benefit Plan

### Selection of the Section 1937 Coverage Option

The state/territory selects as its Section 1937 Coverage option the following type of Benchmark Benefit Package or Benchmark-Equivalent Benefit Package under this Alternative Benefit Plan (check one):

- ☐ Benchmark Benefit Package.
- ☐ Benchmark-Equivalent Benefit Package.

The state/territory will provide the following Benchmark Benefit Package (check one that applies):

- ☐ The Standard Blue Cross/Blue Shield Preferred Provider Option offered through the Federal Employee Health Benefit Program (FEHBP).
- ☐ State employee coverage that is offered and generally available to state employees (State Employee Coverage):
- ☐ A commercial HMO with the largest insured commercial, non-Medicaid enrollment in the state/territory (Commercial HMO):
- ☐ Secretary-Approved Coverage.

The state/territory offers benefits based on the approved state plan.

The state/territory offers an array of benefits from the section 1937 coverage option and/or base benchmark plan benefit packages, or the approved state plan, or from a combination of these benefit packages.

Please briefly identify the benefits, the source of benefits and any limitations:

Idaho offers benefits that are based on Idaho's Base Benchmark Small Group plan, Preferred Blue, plus additional services that are appropriate for the Medicaid Participants choosing this plan.

### Selection of Base Benchmark Plan

The state/territory must select a Base Benchmark Plan as the basis for providing Essential Health Benefits in its Benchmark or Benchmark-Equivalent Package.

The Base Benchmark Plan is the same as the Section 1937 Coverage option. ☐ Yes

Other Information Related to Selection of the Section 1937 Coverage Option and the Base Benchmark Plan (optional):

1. The state assures that all services in the base benchmark have been accounted for throughout the benefit chart found in ABP5.
2. The state assures the accuracy of all information in ABP5 depicting amount, duration and scope parameters of services authorized in the currently approved Medicaid state plan.

See "Other 1937 Benefits" for additional provider types covered beyond the Base Benchmark: Other Licensed Practitioner, Licensed Midwife.

Participants in the optional pregnant individuals group may receive EHB and other 1937 services that are pregnancy-related as described below:

Idaho covers services that are necessary for the health of the pregnant individual and fetus, or that have become necessary because of the individual having been pregnant and services for other conditions that might complicate the pregnancy. Coverage includes prenatal care, delivery, postpartum care, and family planning services. This coverage includes services for the mother or fetus for other conditions that might complicate the pregnancy, including those for diagnoses, illnesses, or medical conditions that might threaten the carrying of the fetus to full term or the safe delivery of the fetus. Pregnancy-related services are covered for a postpartum period that begins on the last day of pregnancy and extends through the end of the month in which the 60-day period following termination of pregnancy ends.

Idaho does not cover services for pregnant individuals that are medically contraindicated during pregnancy or elective procedures for conditions that do not threaten the health of the pregnant individual, the carrying of the fetus to full term, or the safe delivery of the fetus.

Based on the benefits provided, this group does not meet Minimum Essential Coverage under section 5000A(f)(1)(E) of the Internal Revenue Code on 1986.

Other information regarding this benefit, including the specific name of the source plan if it is not the base benchmark plan:

Program Description: Community-based rehabilitation services (CBRS); 1905(a)(13)(C) of the Act.

* CBRS services consist of evidence-based practices that are restorative interventions or interventions that reduce disability and that are provided to participants with serious, disabling mental illness, emotional disturbance or substance use disorders for the purpose of increasing community tenure, elevating psychosocial functioning, minimizing psychiatric symptomatology or eliminating or reducing alcohol and drug use and implementing structure and support to achieve and sustain recovery, and ensuring a satisfactory quality of life. Services include treatment planning, and the provision and coordination of treatments and services delivered by multidisciplinary teams under the supervision of a licensed behavioral health professional staff, physician or nurse, or an endorsed/certified school psychologist.

* Interventions for psychiatric symptomatology will use an active, assertive outreach approach, including use of a comprehensive assessment and the development of a community support treatment plan, ongoing monitoring and support, medication management, skill restoration, crisis resolution and accessing needed community resources and supports.

* Interventions for substance use disorders will include substance use disorder treatment planning, psychoeducation and supportive counseling, which are provided to achieve rehabilitation and sustain recovery and restoration of skills needed to access needed community resources and supports. These services are provided in conjunction with any professional or therapeutic behavioral health services identified as necessary for the participant.
Services may be provided by one of the following contracted professionals within the scope of their practice:

1) Licensed physician
2) Advanced Practice Registered Nurse
3) Physician Assistant
4) Licensed Social Worker
5) Licensed Counselor
6) Licensed Marriage and Family Therapist
7) Providers who hold at least a Bachelor's degree, are licensed or certified in their field (i.e., Adult or Children's Certificate in Psychosocial Rehabilitation), and who meet requirements of the Idaho Department of Health and Welfare or its Contractor
8) Licensed Psychologist, Psychologist Extender (Registered with the Idaho Bureau of Occupational Licenses)
9) Registered Nurse

Benefit Provided: Partial Care

Other information regarding this benefit, including the specific name of the source plan if it is not the base benchmark plan:

Program Description: Partial Care Treatment; 1905(a)(6) of the Act.

* Services are prior authorized, and there is no limitation in amount, duration or scope.

* A distinct and organized intensive ambulatory treatment service offering less than 24-hour daily care that is reasonable and necessary for the diagnosis or active treatment of the individual's condition, reasonably expected to improve or reduce disability or restore the individual's condition and functional level and to prevent relapse or hospitalization. These services occur through the application of principles of behavior modification for behavior change and structured, goal-oriented group socialization for skill acquisition.

* Partial Care is a program of services that include support therapy, medication monitoring, and skills building as appropriate for the individual. Each service must be delivered by a person licensed or certified to deliver those services.

Partial Care treatment may be provided by one of the following contracted licensed or certified professionals within the scope of their practice:

1) Licensed physician
2) Advanced Practice Registered Nurse
3) Physician Assistant
4) Licensed Social Worker
5) Licensed Counselor
6) Licensed Marriage and Family Therapist
7) Providers who hold at least a Bachelor's degree and are Licensed Social Workers
8) Licensed Psychologist, Psychologist Extender (Registered with the Idaho Bureau of Occupational Licenses)
9) Registered Nurse

- These licensed practitioners provide supervision to unlicensed practitioners, including certified alcohol and drug counselors.
- Such supervision is included in the State’s Scope of Practice Act for the supervising licensed practitioner.
- The licensed practitioner assumes professional responsibility for the services provided by the unlicensed practitioner.

### 6. Essential Health Benefit: Prescription drugs

**Benefit Provided:**
Coverage is at least the greater of one drug in each U.S. Pharmacopeia (USP) category and class or the same number of prescription drugs in each category and class as the base benchmark.

**Prescription Drug Limits (Check all that apply):**
- [x] Limit on days supply
- [ ] Limit on number of prescriptions
- [x] Limit on brand drugs
- [x] Other coverage limits
- [x] Preferred drug list

**Authorization:**
Yes

**Provider Qualifications:**
State licensed

**Coverage that exceeds the minimum requirements or other:**
The Department covers at least the greater of one drug in each U.S. Pharmacopeia (USP) category and class.

Prior Authorization criteria are developed by the Department's clinical pharmacists with input from the Medical Director, the Pharmacy and Therapeutics Committee, and the Drug Utilization Review Board. The criteria used to place drugs on prior authorization are based upon safety, efficacy and clinical outcomes as provided by the product labeling of the drug, and quality evidence provided by established drug compendia, and the Drug Effectiveness Review Program.

See "Other 1937 Benefits" for services provided in excess of the Base Benchmark.

- The target group consists of members of the Idaho Behavioral Health Plan who are:
  1. Adults 18 and older with serious and persistent mental illness or other behavioral health diagnosis; or
2. Children up to age 21 with serious emotional disturbance or other behavioral health diagnosis; and
3. Who demonstrate medical necessity for case management services and require and choose assistance to
access services and supports necessary to maintain independence in the community.

For case management services provided to individuals in medical institutions: [Olmstead letter #3]

~ Target group is comprised of individuals transitioning to a community setting, and case management
services will be made available for up to the last 60 consecutive days of the covered stay in the medical
institution.

~ Areas of State in which services will be provided: Entire State

~ Comparability of services: Services are not comparable in amount, duration and scope (§1915(g)(1)).

~ Definition of services: [42 CFR 440.169]

Behavioral Health Targeted Case Management services are services furnished to assist individuals, eligible
under the State plan, in gaining access to needed medical, social, educational, and other services. Targeted
Case Management includes the following assistance:

• Initial assessment and annual reassessment of an individual to determine the need for any medical,
educational, social or other services. More frequent reassessments may be done more frequently if
medically necessary. These assessment activities include:
  - Taking client history;
  - Identifying the individual’s needs and completing related documentation;
  - Gathering information from other sources such as family members, medical providers, social workers, and
educators (if necessary), to form a complete assessment of the individual.
• Development (and periodic revision) of a specific care plan that is based on the information collected
through the assessment that:
  - Specifies the goals and actions to address the medical, social, educational, and other services needed by
the individual;
  - Includes activities such as ensuring the active participation of the eligible individual, and working with
the individual (or the individual’s authorized health care decision-maker) and others to develop those goals;
and
  - Identifies a course of action to respond to the assessed needs of the eligible individual.
• Referral and related activities to help an eligible individual obtain needed services, including activities
that help link an individual with:
  - Medical, social, educational providers; or
  - Other programs and services capable of providing needed services, such as making referrals to providers
for needed services and scheduling appointments for the individual.
• Monitoring and follow-up activities:
  - Activities, and contact, necessary to ensure the care plan is implemented and adequately addressing the
individual’s needs. These activities, and contact, may be with the individual, his or her family members,
providers, other entities or individuals and may be conducted as frequently as necessary; including at least
one annual monitoring to assure that the following conditions are met:
    -- Services are being furnished in accordance with the individual’s care plan;
    -- Services in the care plan are adequate; and
    -- If there are changes in the needs or status of the individual, necessary adjustments are made to the care
plan and service arrangements with providers.

~ Targeted case management may include:
Contacts with non-eligible individuals that are directly related to identifying the needs and supports for
helping the eligible individual to access services.
Alternative Benefit Plan

-- Qualifications of Providers:
The Targeted Case Management benefit is provided by a PAHP-contracted and qualified provider as established by the contract, and set forth below for minimum provider qualifications. Service providers are subject to the limitations of practice imposed by State Law, Federal Regulations, The State of Idaho Occupational Licensing requirements, the provider’s professional area of competency and as according to applicable Department Rules, approval by the Department and its Pre-paid Ambulatory Health Plan (PAHP) Contractor as established in the contract.

• Minimum Provider Qualifications for Targeted Case Management providers are PAHP contractors:
  Licensed Physician, Licensed Psychiatrist, Licensed Practitioner of the Healing Arts (Advanced Practice Registered Nurse, Nurse Practitioner, Physician Assistant), Licensed Prof. Nurse, RN, Cert. Psychiatric Nurse, RN, Licensed Prof. Nurse, RN, Licensed Social Worker, Licensed Counselor, Licensed Registered Occupational Therapist, Licensed Psychologist, Psychologist Extender (Registered with the Idaho Bureau of Occupational Licenses), Licensed Marriage and Family Therapist, holding at least a Bachelor’s degree and a Certification or Licensing in their fields and meeting requirements of Idaho Department of Health and Welfare or its Contractor.

-- Waiver of Freedom of Choice of Providers
As permitted and authorized under section 1915(b)(4) of the Social Security Act, choice of targeted case management providers is waived. Behavioral Health targeted case management will be provided by the pre-paid ambulatory health plan for the Idaho Behavioral Health Plan.
• Eligible recipients will have free choice of providers of other medical care under the state plan.

-- Freedom of Choice Exception (1915(g)(1) and 42 CFR 441.18(b)):
Target group consists of eligible individuals with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services.

-- Access to Services. The State assures that:
• Case management services will be provided in a manner consistent with the best interests of recipients and will not be used to restrict an individual’s access to other services under the plan; [section 1902 (a)(19)]
• Individuals will not be compelled to receive case management services, condition receipt of case management services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management services; [section 1902 (a)(19)]
• Providers of case management services do not exercise the agency’s authority to authorize or deny the provision of other services under the plan.

--Payment (42 CFR 441.18(a)(4)):
Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

--Case Records (42 CFR 441.18(a)(7)):
The State assures that providers maintain case records that document the following for all individuals receiving case management [42 CFR 441.18(a)(7)]:
• The dates of the case management services.
• The name of the provider agency and the person providing the case management services.
• The nature, content, and units of the case management services received, and whether goals specified in the care plan have been achieved.
• Whether the individual has declined services in the care plan.
• The need for, and occurrences of, coordination with other case managers.
• A timeline for obtaining needed services.
• A timeline for reevaluation of the plan.

--Limitations:
Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) § 4302).

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the case management activities constitute the direct delivery of underlying medical, educational, social, or other services to which an eligible individual has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents; serving legal papers; home investigations; providing transportation; administering foster care subsidies; and making placement arrangements. (42 CFR 441.18(c))

FFP is only available for case management services or target case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program, except for case management that is included in an individualized education program or individualized family service plan consistent with §1903(c) of the Act. (§§1902(a)(25) and 1905(c))

Other:

Program Description: Other diagnostic, screening, preventive, and rehabilitative services - 1905(a)(13)(C) of the Act.

- Behavioral consultation supports a multi-disciplinary approach to rehabilitative and treatment by consulting with the IEP team during the assessment process for a specific child, performing advanced assessment of the child, coordinating the implementation of the behavior implementation plan and providing ongoing training to the behavioral interventionist and other team members for a child's needs.

Behavioral consultation provides expertise for children with complex needs who are not demonstrating outcomes with behavioral interventions alone. The consultant works with the IEP team and other professionals to develop a positive behavior support plan and provide oversight in carrying out that plan to reduce disability and increase function.

- Qualifications for Behavioral Consultation providers are:
  ~ Behavioral consultation must be provided by a professional who has a Doctoral or Master’s degree in psychology, education, applied behavioral analysis, or in a related discipline with one thousand five hundred (1,500) hours of relevant coursework or training, or both, in principles of child development, learning theory, positive behavior support techniques, dual diagnosis, or behavior analysis (may be included as part of degree program), and who meets one (1) of the following:
    ~ An individual with an Exceptional Child Certificate as defined by State law.
    ~ An individual with an Early Childhood/Early Childhood Special Education Blended Certificate as defined by State law.
    ~ A Special Education Consulting Teacher as defined by State law.
    ~ An individual with a Pupil Personnel Certificate as defined by State law, excluding a registered nurse or audiologist.
    ~ An occupational therapist who is qualified and registered to practice in Idaho.
Alternative Benefit Plan

- Therapeutic consultation professional who meets the requirements defined by the Department.

- Services provided in the schools must be the same in amount, duration and scope as the services provided in the community.

- Individuals delivering services in the schools must adhere to the same provider qualifications as required for individuals delivering services in the community.

- Participants are able to choose to receive Medicaid services from the pool of qualified Medicaid providers, which includes school-based and community providers.

- Participants through the month of their twenty-first (21st) birthday, pursuant to EPSDT, may receive additional services if determined to be medically necessary and prior authorized by the Department.

Other: Program Description: Nursing facility services; 1905(a)(4)(A) of the Act.
Other services covered by the Department, but not covered by the Base Benchmark: Nursing Facility: Custodial Care.

Long-term custodial care is covered when provided in a licensed skilled nursing facility certified by Medicare.

The nursing facility benefits defined in "Other 1937 Benefits" as Nursing Facility: Rehabilitative and Nursing Facility: Custodial Care, along with the Skilled Nursing Facility benefit in the EHB 7 section of this template, reflect the state’s approved nursing facility benefit in the state plan.

This service is not covered by the Base Benchmark. The Department requires that the nursing facility services include at least the items and services specified in 42 CFR 483, including 42 CFR 483.10 (c)(8)(i).

Other 1937 Benefit Provided:
Private-Duty Nursing

Source: Section 1937 Coverage Option Benchmark Benefit Package

Authorization: Prior Authorization
Amount Limit: None
Scope Limit: Nursing services provided by a licensed registered nurse or licensed practical nurse to a non-
institutionalized child under the age of 21 requiring care for conditions of such medical severity or complexity that skilled nursing is necessary.

Other:

Program Description: Private-Duty Nursing (PDN); 1905(a)(8) of the Act.

Other services covered by the Department, but not covered by the Base Benchmark: Private-Duty Nursing (PDN).

Medical severity and complexity means that the child requires more individual and continuous care than is available from a visiting nurse and the needed services cannot safely be delegated to an Unlicensed Assistive Personnel.

The nursing needs must be of such a nature that the Idaho Nursing Practice Act, rules, regulations, or policy require the service to be provided by an Idaho Licensed Registered Nurse (RN), or by an Idaho Licensed Practical Nurse (LPN), and require more individual and continuous care than is available from Home Health skilled nursing services. All PDN services are ordered by a physician and provided under a written plan of care.

Limitations. The following service limitations apply to the Enhanced Alternative Benefit Plan covered under the State plan.

• PDN services must be authorized by the Department or its authorized agent prior to delivery of service.
• PDN Services may be provided only in the child's personal residence or when normal life activities take the child outside of this setting. If service is requested only to attend school or other activities outside of the home, but the child does not need such services in the home, private duty nursing will not be authorized. The following are specifically excluded as personal residences:
  • Licensed Nursing Facilities (NF);
  • Licensed Intermediate Care Facilities for the Intellectually Disabled (ICF/ID);
  • Licensed Residential Care Facilities;
  • Licensed hospitals; and
  • Public or private schools.

Personal Care Services

Source: Section 1937 Coverage Option Benchmark Benefit Package

Authorization: Prior Authorization
Amount Limit: 16 hours per week (limit applies to adults)
Scope Limit: Medically oriented care services related to a participant's physical or functional requirements provided in the participant's home or personal residence. Children may also receive PCS as a school-based service.

Other:

Program Description: Personal Care Services (PCS); 1905(a)(24) of the Act.

Other services covered by the Department, but not covered by the Base Benchmark: Personal Care Services.

PCS include medically oriented tasks related to a participant's physical or functional requirements, as
opposed to housekeeping or skilled nursing care, provided in the participant's home or personal residence. The provider must deliver at least one (1) of the following services for a participant needing that service (as identified by a Department Nurse Reviewer):

a. Basic personal care and grooming to include bathing, care of the hair, assistance with clothing, and basic skin care;
b. Assistance with bladder or bowel requirements that may include helping the participant to and from the bathroom or assisting the participant with bedpan routines;
c. Assistance with food, nutrition, and diet activities including preparation of meals if incidental to medical need;
d. The continuation of active treatment training programs in the home setting to increase or maintain participant independence for the participant with developmental disabilities;
e. Assisting the participant with physician-ordered medications that are ordinarily self-administered, when the provider has completed an Idaho State Board of Nursing approved training program in accordance with Idaho state statute and regulations governing assistance with medications;
f. Non-nasogastric gastrostomy tube feedings, if authorized by RMS prior to implementation and if the following requirements are met:
   i. The task is not complex and can be safely performed in the given participant care situation;
   ii. A Licensed Professional Nurse (RN) has assessed the participant's nursing care needs and has developed a written standardized procedure for gastrostomy tube feedings, individualized for the participant's characteristics and needs;
   iii. Individuals to whom the procedure can be delegated are identified by name. The RN must provide proper instruction in the performance of the procedure, supervise a return demonstration of safe performance of the procedure, state in writing the strengths and weaknesses of the individual performing the procedure, and evaluate the performance of the procedure at least monthly;
   iv. Any change in the participant's status or problem related to the procedure must be reported immediately to the RN.

PCS may also include non-medical tasks. In addition to performing at least one (1) of the services listed above, the provider may also perform the following services, if no natural supports are available:

a. Incidental housekeeping services essential to the participant's comfort and health, including changing bed linens, rearranging furniture to enable the participant to move around more easily, laundry, and room cleaning incidental to the participant's treatment. Cleaning and laundry for any other occupant of the participant's residence are excluded.

b. Accompanying the participant to clinics, physicians' office visits or other trips that are reasonable for the purpose of medical diagnosis or treatment.

c. Shopping for groceries or other household items specifically required for the health and maintenance of the participant.

Services are furnished to a participant who is not an inpatient or resident of a hospital, nursing facility, intermediate care facility for the intellectually disabled, or institution for mental diseases.

Services are authorized for the individual by a physician in accordance with a plan of treatment.

The PCS described above are furnished in the participant's place of residence, which may include:

• Personal Residence.
• Certified Family Home. A home certified by the Department to provide care to one (1) or two (2) adults, who are unable to reside on their own and require help with activities of daily living, protection and security, and need encouragement toward independence.
• Residential Care or Assisted Living Facility. A facility or residence, however named, operated on either a profit or nonprofit basis for the purpose of providing necessary supervision, personal assistance, meals, and lodging to three (3) or more adults not related to the owner.
• PCS Family Alternate Care Home. The private home of an individual licensed by the Department to provide personal care services to one (1) or two (2) children, who are unable to reside in their own home.
and require assistance with medically oriented tasks related to the child's physical or functional needs.

PCS can also be provided to a student as a school-based service. To be eligible, a student must have a completed children’s PCS assessment and allocation tool approved by the Department. The assessment results must find that the student requires PCS due to a medical condition that impairs the physical or functional abilities of the student. The provider of school-based PCS must deliver at least one (1) of the following services:

a. Basic personal care and grooming to include bathing, care of the hair, assistance with clothing, and basic skin care;
b. Assistance with bladder or bowel requirements that may include helping the student to and from the bathroom or assisting the student with bathroom routines;
c. Assistance with food, nutrition, and diet activities, including preparation of meals if incidental to medical need;
d. Assisting the student with physician-ordered medications that are ordinarily self-administered;
e. Non-nasogastric gastrostomy tube feedings, if the task is not complex and can be safely performed in the given student care situation.

Personal assistance agency. An entity that recruits, hires, fires, trains, supervises, schedules, oversees quality of work, takes responsibility for services provided, provides payroll and benefits for personal assistants working for them, is the employer of record and in fact.

Provider Qualifications: Personal care services are provided by Licensed Professional Nurse (RN), Licensed Practical Nurse (LPN), Certified Nursing Assistant (CNA), a person listed on the CNA Registry who performs selected nursing services under the supervision of a registered professional nurse who has successfully completed a training program and holds a Certificate of Training meeting Federal eligibility requirements for listing on the Registry, or personal assistant, who must be at least eighteen (18) years of age and receive training to ensure the quality of services. Services may be provided by any individual who is qualified to provide such services and who is not a member of the individual's family (legally responsible relative).

Freedom of Choice: The provision of personal care services will not restrict an individual's free choice of providers (§ 1902(a) (23) of the Act). Eligible participants (or a parent, legal guardian or the state in loco parentis) will have free choice of providers, the setting in which to reside, and a different personal care assistant, CNA, LPN, or RN if desired under the plan.

Personal care service providers will receive training in the following areas:

- Participant confidentiality - Knowledge of the limitations regarding participant information and adherence to Health Insurance Portability and Accountability Act (HIPAA) and agency confidentiality guidelines.
- Universal precautions - Knowledge of how infection is spread, proper handwashing techniques, and currently accepted practice of infection control; knowledge of currently accepted practice for handling and disposition of bodily fluids.
- Documentation - Knowledge of basic guidelines and fundamentals of documentation.
- Reporting - Knowledge of mandatory and incident reporting, as well as one's role in reporting condition changes.
- Care plan implementation - Knowledge of utilization of care plan when delivering participant services.

Based on the participant's Department-assessed needs, the personal care service provider may receive training on basic personal care and grooming, toileting, transfers, mobility, assistance with food preparation, nutrition, and diet, assistance with medications, and RN-delegated tasks.

Providers who are expected to carry out training programs for developmentally disabled participants must be supervised at least every ninety (90) days by a qualified intellectual disability professional (QIDP) as defined in 42 CFR 483.430(a).
Individuals through the month of their twenty-first (21st) birthday, pursuant to EPSDT, may receive additional services if determined to be medically necessary and prior authorized by the Department.

Program Description: Targeted Case Management Services; 1905(a)(19) of the Act.

Other services covered by the Department, but not covered by the Base Benchmark: Targeted Service Coordination for Adults with Developmental Disabilities.

Target Group (42 CFR 441.18(a)(8)(i) and 441.18(a)(9):
Adults age 18 and older, who have a developmental disability diagnosis, and who require and choose assistance to access services and supports necessary to maintain independence in the community.

For targeted service coordination provided to individuals in medical institutions: [Olmstead letter #3]

Target group is comprised of individuals transitioning to a community setting and targeted service coordination services will be made available for up to the last 60 consecutive days of the covered stay in the medical institution.

Areas of State in which services will be provided: Entire State.

Services are not comparable in amount duration and scope - 1915(g)(1).

Definition of services: [42 CFR 440.169]
Targeted service coordination is a service furnished to assist participants, eligible under the State plan, in gaining access to needed medical, social, educational and other services.

Targeted service coordination includes the following assistance:

- Comprehensive assessment and annual reassessment of a participant to determine the need for any medical, educational, social or other services and to update the plan. These assessment activities include up to six hours of:
  - Taking client history;
  - Identifying the participant's needs and completing related documentation;
  - Gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the participant.
  - Additional hours may be prior authorized if medically necessary.
- Development (and periodic revision) of a specific care plan that:
  - Is based on the information collected through the assessment;
Alternative Benefit Plan

- Specifies the goals and actions to address the medical, social, educational, and other services needed by the participant;
- Includes activities such as ensuring the active participation of the participant, and working with the participant (or the participant's authorized health care decision-maker) and others to develop those goals; and
- Identifies a course of action to respond to the assessed needs of the participant.

• Referral and related activities:
  - To help a participant obtain needed services including activities that help link the participant with:
    ✓ Medical, social, educational providers; or
    ✓ Other programs and services capable of providing needed services, such as making referrals to providers for needed services and scheduling appointments for the participant.

• Monitoring and follow-up activities:
  - Activities, and contacts, necessary to ensure the care plan is implemented and adequately addresses the individual's needs. These activities, and contacts, may be with the participant, his or her family members, providers, other entities or individuals and may be conducted as frequently as necessary, including at least one annual monitoring to assure following conditions are met:
    ✓ Services are being furnished in accordance with the participant's care plan;
    ✓ Services in the care plan are adequate; and
    ✓ If there are changes in the needs or status of the individual, necessary adjustments are made to the care plan and service arrangements with providers.

Targeted service coordination may include contacts with non-eligible individuals that are directly related to identifying the needs and supports for helping the participant to access services.

Qualifications of providers:
• Targeted service coordination must only be provided by a service coordination agency enrolled as a Medicaid provider. An agency is a business entity that provides management, supervision, and quality assurance for service coordination and includes at least two (2) individuals, one (1) supervisor, and a minimum of one (1) service coordinator.
• Agencies must provide supervision to all service coordinators and paraprofessionals.
• Any willing, qualified public or private service coordination agency may be enrolled.

Agency Supervisor: Education and Experience
• Master's Degree in a human services field from a nationally accredited university or college and twelve (12) months of experience with adults with developmental disabilities; or
• Bachelor's degree in a human services field from a nationally accredited university or college, or being a licensed professional nurse (RN) with twenty-four (24) months of experience with adults with developmental disabilities.

Service Coordinator: Education and Experience
• Minimum of a Bachelor's Degree in a human services field from a nationally accredited university or college and twelve (12) months of experience working with adults with developmental disabilities, or being a licensed professional nurse (RN) with twelve (12) months of experience working with adults with developmental disabilities. Individuals who meet the education or licensing requirements, but do not have the required work experience, may work as a service coordinator under the supervision of a qualified service coordinator while they gain this experience.

Paraprofessional: Education and Experience
• Be at least eighteen (18) years of age, have a minimum of a high school diploma (or equivalency), be able to read and write at a level commensurate with the paperwork and forms involved in the provision of the service, and have twelve (12) months of experience with adults with developmental disabilities. Under the
supervision of a qualified service coordinator, a paraprofessional may be used to assist in the implementation of the service plan.

Freedom of choice: The State assures that the provision of targeted service coordination will not restrict a participant’s free choice of providers in violation of section 1902(a)(23) of the Act. Any willing, qualified private agency may be enrolled as a service coordination agency.

- Participants will have free choice of the providers of targeted service coordination within the specified geographic area identified in this plan.
- Participants will have free choice of the providers of other medical care under the plan.

Access to Services: The State assures that:
- Targeted service coordination will be provided in a manner consistent with the best interests of recipients and will not be used to restrict a participant's access to other services under the plan; [section 1902 (a)(19)]
- Participants will not be compelled to receive targeted service coordination, condition receipt of targeted service coordination on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of targeted service coordination; [section 1902 (a)(19)]
- Providers of targeted service coordination do not exercise the agency’s authority to authorize or deny the provision of other services under the plan.

Payment (42 CFR 441.18(a)(4)):
Payment for targeted service coordination under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

Case Records: The State assures that providers maintain case records that document the following for all participants receiving targeted service coordination [42 CFR 441.18(a)(7)]:
- The name of the participant.
- The dates of the targeted service coordination services.
- The name of the provider agency and the person providing the targeted service coordination.
- The nature, content, and units of the targeted service coordination services received, and whether goals specified in the care plan have been achieved.
- Whether the participant has declined services in the care plan.
- The need for, and occurrences of, coordination with other service coordinators.
- A timeline for obtaining needed services.
- A timeline for reevaluation of the plan.

Limitations:
Targeted service coordination does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the targeted service coordination activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) § 4302). Targeted service coordination does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §440.169 when the targeted service coordination activities constitute the direct delivery of underlying medical, educational, social, or other services to which a participant has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents; serving legal papers; home investigations; providing transportation; administering foster care subsidies; and making placement arrangements. (42 CFR 441.18(c))

FFP is only available for targeted service coordination if there are no other third parties liable to pay for such services, including reimbursement under a medical, social, educational, or other program except for targeted service coordination that is included in an individualized education program or individualized family service plan consistent with §1903(c) of the Act. (§§1902(a)(25) and 1905(c))
Alternative Benefit Plan

Additional limitations:
- Reimbursement for ongoing service coordination is not allowed prior to the completion of the assessment and service plan.
- In order to assure that no conflict of interest exists, providers of targeted service coordination may not provide both service coordination and direct services to the same Medicaid participant.
- Reimbursement is not allowed for missed appointments, attempted contacts, leaving messages, travel to provide the service, documenting services, or transporting the participant.

Benefits Assurances

EPSDT Assurances

If the target population includes persons under 21, please complete the following assurances regarding EPSDT. Otherwise, skip to the Prescription Drug Coverage Assurances below.

The alternative benefit plan includes beneficiaries under 21 years of age. Yes

☑ The state/territory assures that the notice to an individual includes a description of the method for ensuring access to EPSDT services (42 CFR 440.345).

☑ The state/territory assures EPSDT services will be provided to individuals under 21 years of age who are covered under the state/territory plan under section 1902(a)(10)(A) of the Act.

Indicate whether EPSDT services will be provided only through an Alternative Benefit Plan or whether the state/territory will provide additional benefits to ensure EPSDT services:

☐ Through an Alternative Benefit Plan.

☒ Through an Alternative Benefit Plan with additional benefits to ensure EPSDT services as defined in 1905(r).

Per 42 CFR 440.345, please describe how the additional benefits will be provided, how access to additional benefits will be coordinated and how beneficiaries and providers will be informed of these processes in order to ensure individuals have access to the full EPSDT benefit.

Indicate whether additional EPSDT benefits will be provided through fee-for-service or contracts with a provider:

☒ State/territory provides additional EPSDT benefits through fee-for-service.

☐ State/territory contracts with a provider for additional EPSDT services.

Other Information regarding how ESPDT benefits will be provided to participants under 21 years of age (optional):

Behavioral health and dental services are provided through PAHP contracts that require the contractor to provide EPSDT services. Participants maintain their right to appeal through the Department. All EPSDT medical/surgical and developmental disability services are provided through fee-for-service. Department policy is that any decisions for the payment or prior authorization of services for children through the month of their twenty-first (21st) birthday be reviewed as an EPSDT request.

Prescription Drug Coverage Assurances

☑ The state/territory assures that it meets the minimum requirements for prescription drug coverage in section 1937 of the Act and implementing regulations at 42 CFR 440.347. Coverage is at least the greater of one drug in each United States Pharmacopeia (USP) category and class or the same number of prescription drugs in each category and class as the base benchmark.

☑ The state/territory assures that procedures are in place to allow a beneficiary to request and gain access to clinically appropriate prescription drugs when not covered.

☑ The state/territory assures that when it pays for outpatient prescription drugs covered under an Alternative Benefit Plan, it meets the requirements of section 1927 of the Act and implementing regulations at 42 CFR 440.345, except for those requirements that are directly contrary to amount, duration and scope of coverage permitted under section 1937 of the Act.

☑ The state/territory assures that when conducting prior authorization of prescription drugs under an Alternative Benefit Plan, it complies with prior authorization program requirements in section 1927(d)(5) of the Act.
Alternative Benefit Plan

Other Benefit Assurances

- The state/territory assures that substituted benefits are actuarially equivalent to the benefits they replaced from the base benchmark plan, and that the state/territory has actuarial certification for substituted benefits available for CMS inspection if requested by CMS.

- The state/territory assures that individuals will have access to services in Rural Health Clinics (RHC) and Federally Qualified Health Centers (FQHC) as defined in subparagraphs (B) and (C) of section 1905(a)(2) of the Social Security Act.

- The state/territory assures that payment for RHC and FQHC services is made in accordance with the requirements of section 1902(bb) of the Social Security Act.

- The state/territory assures that it will comply with the requirement of section 1937(b)(5) of the Act by providing, effective January 1, 2014, to all Alternative Benefit Plan participants at least Essential Health Benefits as described in section 1302(b) of the Patient Protection and Affordable Care Act.

- The state/territory assures that it will comply with the mental health and substance use disorder parity requirements of section 1937(b)(6) of the Act by ensuring that the financial requirements and treatment limitations applicable to mental health or substance use disorder benefits comply with the requirements of section 2705(a) of the Public Health Service Act in the same manner as such requirements apply to a group health plan.

- The state/territory assures that it will comply with section 1937(b)(7) of the Act by ensuring that benefits provided to Alternative Benefit Plan participants include, for any individual described in section 1905(a)(4)(C), medical assistance for family planning services and supplies in accordance with such section.

- The state/territory assures transportation (emergency and non-emergency) for individuals enrolled in an Alternative Benefit Plan in accordance with 42 CFR 431.53.

- The state/territory assures, in accordance with 45 CFR 156.115(a)(4) and 45 CFR 147.130, that it will provide as Essential Health Benefits a broad range of preventive services including: “A” and “B” services recommended by the United States Preventive Services Task Force; Advisory Committee for Immunization Practices (ACIP) recommended vaccines; preventive care and screening for infants, children and adults recommended by HRSA’s Bright Futures program/project; and additional preventive services for women recommended by the Institute of Medicine (IOM).

The Medicaid agency pays insurance premiums for medical or any other type of remedial care to maintain a third party resource for Medicaid-covered services provided to individuals enrolled in the Enhanced Alternative Benefit Plan (except individuals 65 years of age or older and disabled individuals, entitled to Medicare Part A but not enrolled in Medicare Part B).

The Medicaid agency pays all premiums, deductibles, coinsurance and other cost sharing obligations for items and services covered under the Enhanced Alternative Benefit Plan (subject to any nominal Medicaid co-payment) for eligible individuals in employer-based cost-effective group health plans.

When coverage for Medicaid-eligible family members is not possible unless ineligible family members enroll, the Medicaid agency pays premiums for enrollment of other family members when cost-effective. In addition, the eligible individual is entitled to services covered by the State plan which are not included in the group health plan.

Cost-effectiveness is determined by comparing the total amount paid by the primary insurance company to the premiums and deductible. If the primary insurance has paid more than the premiums and deductible, the case is cost-effective. If the primary insurance has paid less than the premiums and deductible, the case is NOT cost-effective.

The state assures that ESI coverage is established in sections 3.2 and 4.22(h) of the state’s approved Medicaid state plan. The beneficiary will receive a benefit package that includes a wrap of benefits around the employer-sponsored insurance plan that equals the benefit package to which the beneficiary is entitled. The beneficiary will not be responsible for payment of premiums or other cost sharing that exceeds nominal levels as established at 42 CFR part 447 subpart A.
