Randi Farmer (208) 524-1550

Development Workshop

I am currently a Developmental Specialist at Development Workshop. I have here three years since my Degree in December of 2015 was attained. In that time I have received three Caught in the Act of Excellence Awards and a plaque for Employee of the Year for my devotion to the people we serve and my tremendous passion and patience in my work.

I believe strongly in always being honest, ethical, and holding the highest integrity in anything I do at work and in the community as well as in my home and personal life. I have been blessed to bring aboard the DWI team my oldest child; now twenty-three, and it is so rewarding watching him work with the population I have always loved so dearly.

I am passionate about the care of others. My first and foremost position is to always remember they could be me or my mom or my daughter and they are someone’s mom, daughter or sister. We should always hold people and the care for them in the highest regard.
