Idaho Duals December Stakeholder Update

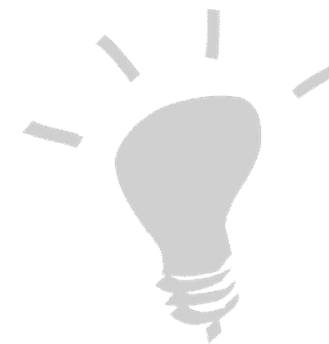

DECEMBER 27, 2018

Goals of Today's Presentation

- Provide an update on the implementation progress of the new program for duals, called "Idaho Medicaid Plus"
 - Launch in Twin Falls County
- Update on planned launch in Bonneville, Bannock and Bingham Counties

Remember...

Idaho has two programs for duals:

1. Medicare Medicaid Coordinated Plan (MMCP) - existing
2. Idaho Medicaid Plus (IMPlus) – new

Duals are participants eligible for Medicare A and B, in addition to full Medicaid

Duals' Programs - Refresher

- We have implemented the new program, Idaho Medicaid Plus (IMPlus), in Twin Falls County.
- IMPlus is mandatory for dual eligible participants that have not enrolled in the MMCP, and are not:
 - Tribal members
 - Pregnant women
 - Participants on the Adults with Developmental Disabilities Waiver
- IMPlus will only manage the member's Medicaid benefits (no impact to Medicare coverage)

Twin Falls County – Challenges and Opportunities

Enrollment Selection

- Enrollment was not processed correctly for a few members (< 1%)
- DHW contacted affected members
- Evaluated enrollment processes to minimize enrollment errors

Member Addresses and Contact Information

- Some letters to affected participants in Twin Falls County were returned as undeliverable
- These members were auto-assigned and enrolled into IMPlus

Provider Billing

- Uptick in Providers reporting problems with billing
- Identified that the majority of reported problems were due to providers not billing the correct entity

Twin Falls County Health Plan Performance – Care Coordination

Metric	Data from Both Health Plans
Number of Care Coordinators	24
Average Care Coordinator Caseload	33 participants/Care Coordinator
Initial Wellness Assessment Completion Rate*	51.5%

Note: This data is for the first month of implementation. Health Plans have up to 90 days to complete initial wellness assessments for new Enrollees.

Twin Falls County Health Plan Performance – Claims

Twin Falls County Health Plan Performance

- Complaints: 29 complaints logged, all resolved.
 - 14 provider-related complaints (billing, authorizations)
 - 15 participant-related complaints (communication/outreach)
 - DHW and Health Plans working on strategies to improve these areas for next phase
- Appeals: No appeals filed with either Health Plan.

- Maintain program operations in Twin Falls County
- Phase-in additional counties where there are two participating Health Plans

Ongoing Enrollment in Twin Falls County

- New dual eligible participants in Twin Falls County will be identified each month and will start their 90-day selection period for Idaho Medicaid Plus.
 - Example 1: I am already on Medicaid and got Medicare this month.
 - Example 2: I am a dual eligible participant and just moved from Boise to Twin Falls.
- In these examples, the enrollment letter will be mailed out January 1 for their coverage to begin April 1.

Program Monitoring

- IDHW reviews monthly, quarterly, semi-annual and annual reports on the performance of each of our Health Plans for both the MMCP and IMPlus.
- Report specifications and performance thresholds are outlined in each Health Plan's contract.
 - The MMCP and IMPlus contracts are available for review on our webpage.
