EFFECTIVE DATE: This rule has been adopted by the agency and is now pending review by the 2019 Idaho State Legislature for final approval. The pending rule becomes final and effective at the conclusion of the legislative session unless the rule is approved or rejected in part by concurrent resolution in accordance with Section 67-5224 and 67-5291, Idaho Code. If the pending rule is approved or rejected in part by concurrent resolution, the rule becomes final and effective upon adoption of the concurrent resolution or upon the date specified in the concurrent resolution.

AUTHORITY: In compliance with Section 67-5224, Idaho Code, notice is hereby given that this agency has adopted a pending rule. The action is authorized pursuant to Section 56-202(b), Idaho Code; also House Bill 260 (2011), now codified as Sections 56-260 through 56-266, Idaho Code.

DESCRIPTIVE SUMMARY: The following is a concise explanatory statement of the reasons for adopting the pending rule and a statement of any change between the text of the proposed rule and the text of the pending rule with an explanation of the reasons for the change.

Idaho House Bill 260 (2011) included legislative direction for the Department to develop a plan for Medicaid managed care for high-cost populations, including dual eligibles. Idaho Medicaid has offered a voluntary, integrated Medicare-Medicaid Coordinated Plan (MMCP) to Idaho’s dual eligibles since 2014. With the addition of another health plan to the market, dual eligibles will have two health plans to select from for the MMCP.

There are no changes to the pending rule and it is being adopted as originally proposed. The complete text of the proposed rule was published in the August 1, 2018, Idaho Administrative Bulletin, Vol. 18-8, pages 89 through 92.

FISCAL IMPACT: The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars ($10,000) during the fiscal year:

The anticipated fiscal impact is limited to the cost of system changes, which is currently projected at $411,000, based on the high-level design estimate from the Department’s Medicaid Management Information Systems (MMIS) vendor, Molina Medicaid Solutions. Centers for Medicare and Medicaid Services (CMS) has approved an Advance Planning Document (APD) requesting federal financial participation (FFP) to offset the costs of these automation changes. The approved enhanced federal financial participation rate is 90% and the remaining 10% will be utilized from state general funds, meaning $370,000 federal monies and $41,000 state general funds.

ASSISTANCE ON TECHNICAL QUESTIONS: For assistance on technical questions concerning this pending rule, contact Ali Fernández at (208) 287-1179.

Docket 16-0310-1801

Mandatory Medicaid Managed Care for Duals

MAY 16, 2018
Goals of Today’s Meeting

• Provide an overview of a new mandatory Medicaid Managed Care program for Duals, called “Idaho Medicaid Plus”

• Solicit feedback on provisions needed in IDAPA to implement the program

• Inform stakeholders of next steps in the rulemaking process and program implementation
The Idaho Legislature directed Idaho Medicaid to implement managed care programs for duals in HB 260 in 2011.
Who is considered a Dual?

• Eligible and enrolled in Medicare A and B and Enhanced Medicaid
• 21 years of age or older
Existing Program: MMCP

• The Medicare Medicaid Coordinated Plan (MMCP) is an existing, voluntary program that is offered in 22 of Idaho’s 44 counties.

• The MMCP integrates all Medicare Parts A, B, and D benefits with most Medicaid benefits.

• This docket will not impact the current MMCP program.
New Program: Idaho Medicaid Plus

- **Idaho Medicaid Plus** will administer the same array of Medicaid benefits as the MMCP.
- A member’s Medicare coverage will not be affected.

  - **mandatory** in counties where there are *two or more* participating health plans.
  - **passive, with an opt-put option** in counties where there is *only one* participating health plan.
Mandatory Enrollment

- If a dual does not make an active selection, he or she will be assigned to a health plan.
- Duals can make a change to their health plan in the first 90 days of coverage.
- Duals will **not** be able to opt out to fee-for-service Medicaid.
Target Population for Idaho Medicaid Plus

• Duals who have **not** enrolled in the MMCP.
• Duals who do **not** belong in one of the following groups:
  • Tribal members
  • Pregnant women
  • Individuals on the Adult Developmental Disabilities 1915(c) waiver
Passive with Opt-Out Enrollment

• Duals will be advised of the opportunity to opt out of enrollment into Idaho Medicaid Plus.

The Department invites interested stakeholders to participate in negotiated rulemaking in this chapter, IDAPA 16.03.10, “Medicaid Enhanced Plan Benefits.” The purpose of the proposed changes to IDAPA 16.03.10 is to allow Idaho Medicaid to implement a phased-in mandatory Medicaid managed care program for individuals who are dually eligible for Medicare Parts A and B and Enhanced Medicaid. Dual eligible individuals are a high-cost, high-needs population that historically have had poorly coordinated care between their Medicaid and Medicare benefits. This program would provide for improved coordination of Medicaid benefits that would be administered by a participating health plan. The purpose of this negotiated rulemaking is to share information about the planned implementation and gather stakeholder feedback about the proposed changes.
