**Priority #:**

2

**Priority Area:**

Community-based processes
Goal of the priority area:
Idaho will increase the number of underage drinking prevention coalitions by 5% by June 30, 2015.

Strategies to attain the goal:
Provide technical assistance, leadership development training and underage drinking prevention resources to all community groups willing to address underage alcohol use.

Annual Performance Indicators to measure goal success

<table>

Data Source:
Community Coalitions of Idaho activities report.

New Data Source(if needed):

Description of Data:
Coalition activity Reports

New Description of Data:(if needed)

Data issues/caveats that affect outcome measures:
No data issues foreseen.

New Data issues/caveats that affect outcome measures:

Report of Progress Toward Goal Attainment
First Year Target: b Achieved e Not Achieved (if not achieved, explain why)

Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):

Priority #: 3
Priority Area: Pregnant Women and Women with Dependent Children
Priority Type: SAT
Population(s): PWWDC
Goal of the priority area:
Idaho will develop formal tracking systems and reports to record the number of Pregnant Women and Women with Dependent Children receiving specialized care, as established under the SAPT Block Grant and the cost of such care.

Strategies to attain the goal:

Idaho will develop formal tracking systems and reports to record the number of Pregnant Women and Women with Dependent Children receiving specialized care, as established under the SAPT Block Grant and the cost of such care.
Idaho will establish electronic data collection and reporting systems to capture data on PWWC clients.

Priority #: 4
Priority Area: Pregnant Women and Women with Dependent Children
Priority Type: SAT
Population(s): PWWC

Goal of the priority area:
Idaho will identify a new specialized Pregnant Women and Women with Dependent Children (PWWC) Provider by June 30, 2014

Strategies to attain the goal:
Idaho will contact providers serving pregnant women and women involved in child protection to identify an agency willing to deliver this specialty service.

Annual Performance Indicators to measure goal success

| Indicator #: | 1 |
| Indicator:   | Increase number of PWWC specialty providers |
| Baseline Measurement: | Number of PWWC specialty providers as of July 1, 2013 |
| First-year target/outcome measurement: | An evaluation of network providers is completed to identify agencies willing and able to meet PWWDC requirements. |
| Second-year target/outcome measurement: | Select one network and supply technical assistance needed to enable agency to meet all PWWDC requirements. |

New Second-year target/outcome measurement(if needed):

Data Source:
Operations Unit, Substance Use Disorders (SUD) Report

New Data Source(if needed):

Description of Data:
Number of SUD providers contacted
Number of PWWC specialty providers

New Description of Data:(if needed)

How first year target was achieved (optional):

Priority #: 5
Priority Area: Substance Use Disorder Treatment Clients
Priority Type: SAT
Population(s): HIV EIS

Goal of the priority area:
The Division of Behavioral Health will require that all individuals seeking substance use disorder treatment services to be assessed for HIV/AIDS risks.

Strategies to attain the goal:
Require all Division of Behavioral Health-funded providers assess substance use disorder treatment clients for HIV/AIDS.

Annual Performance Indicators to measure goal success

Indicator #: 1
Indicator: All SSA-funded Substance Use Disorders clients are assessed for HIV/AIDS.
First-year target/outcome measurement: 50% of clients will be assessed for HIV/AIDS.
Second-year target/outcome measurement: 100% of clients assessed for HIV/AIDS.
New Second-year target/outcome measurement (if needed):
Data Source: WITS data system
New Data Source (if needed):
Description of Data: Number of clients whose assessment record indicates they were assessed for HIV/AIDS
New Description of Data (if needed):

Priority #: 7
Priority Area: IV Drug Users
Priority Type: SAP
Population(s): IVDUs

Goal of the priority area:
Idaho will develop a process to ensure that individuals served as IVDU clients meet established requirements by June 30, 2015.

Strategies to attain the goal:
Develop a process for evaluating client intravenous drug use by June 30, 2014.

Annual Performance Indicators to measure goal success

Indicator #: 1
Indicator: A process for evaluating client intravenous drug use is developed by June 30, 2014. 50% of SUD clients will be assessed for IV drug use in FY 2014.
Baseline Measurement: No process exitst
First-year target/outcome measurement: Develop a process for evaluating client intravenous drug use by June 30, 2014.
Second-year target/outcome measurement: New Second-year target/outcome measurement (if needed):
Data Source:
Operations Unit, Substance Use Disorders Report

New Data Source (if needed):

Description of Data:
Written process is completed.

New Description of Data (if needed):

How first year target was achieved (optional):

Priority #: 8
Priority Area:
Priority Type: MHS
Population(s): SMI, SED

Goal of the priority area:
Idaho’s suicide hotline will expand its capacity to serve Idaho citizens who are in crisis.

Strategies to attain the goal:
Suicide hotline capacity will be expanded through increased hours of operation and increased staff during peak operating hours.

Annual Performance Indicators to measure goal success

Indicator #: 1
Indicator: Suicide hotline days of operation and number of staff per shift.
Baseline Measurement: Suicide hotline operates for four days a week with two staff as of March 2013.
First-year target/outcome measurement: Idaho’s suicide hotline hours of operation will expand from Monday through Friday, 9 a.m. to 5 p.m. to seven days a week by June 30, 2014.
Second-year target/outcome measurement: Idaho’s suicide hotline number of staff per shift will expand from two to three by June 30, 2015.

New Second-year target/outcome measurement (if needed):

Data Source:
Mountain States Group runs the suicide hotline program.

New Data Source (if needed):

Description of Data:
Mountain States Group will provide information as to suicide hotline hours and days of operation. Mountain States Group will provide information as to number of staff per shift.

New Description of Data (if needed):

Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):

Priority #: 10
Priority Area:
Priority Type: MHS
Population(s): SED

Goal of the priority area:
The Division of Behavioral Health will improve the consistency and standardization of Children’s Mental Health services delivery to eligible children without payment resources.

Strategies to attain the goal:
The Division of Behavioral Health will contract with a Children’s Mental Health Management Services Contractor to provide Children’s Mental Health services to eligible children without payment resources.

Annual Performance Indicators to measure goal success

Indicator #:
Indicator: The Division of Behavioral Health will contract with a Children’s Mental Health (CMH) Management Services Contractor to provide Children’s Mental Health services to eligible children with serious emotional disturbance diagnoses who have no insurance or other payment resources.
Baseline Measurement: As of March 2013, the Division of Behavioral Health did not contract with a CMH Services contractor for CMH services.
First-year target/outcome measurement: The Division of Behavioral Health will create a Request for Proposals and award a contract to a Children’s Mental Health Management Services Contractor to provide Children’s Mental Health services to eligible children with serious emotional disturbance diagnoses who have no insurance or other payment resources by January 1, 2014.
Second-year target/outcome measurement: The Division of Behavioral Health will transition Children’s Mental Health service delivery to the Children’s Mental Health Services contractor and implement written quality assurance strategies to guide service delivery to eligible children with serious emotional disturbance diagnoses who have no insurance or other payment resources by June 30, 2015.

New Second-year target/outcome measurement (if needed):

Data Source:
Division of Behavioral Health and CMH Management Services Contractor.

New Data Source (if needed):

Description of Data:
Contract with a CMH Management Services Contractor to provide Children’s Mental Health services to eligible children without payment resources. The CMH Management Services Contractor will be responsible to track and report on children served.

New Description of Data (if needed):
New Data issues/caveats that affect outcome measures:

Report of Progress Toward Goal Attainment

First Year Target: Achieved

Reason why target was not achieved, and changes proposed to meet target:

The Division of Behavioral Health has developed a Request for Proposal for a Children's Mental Health Management Services Contractor however the Request for Proposal has not been published. The Request for Proposal is being held due to the ongoing settlement negotiations related to the Jeff D Lawsuit which have not yet been finalized. The decision as to whether the Division of Behavioral Health will proceed with releasing the Request for Proposal as it is currently written will be contingent upon the negotiations and final approval of the settlement agreement. The Division of Behavioral Health remains an active participant in the Jeff D Lawsuit settlement negotiations and will continue efforts in evaluating and planning for the provision of Children's Mental Health Services for eligible children without payment resources.

How first year target was achieved (optional):

Priority #: 11
Priority Area: Substance Use Disorders (SUD) Professionals Training
Priority Type: SAT
Population(s): Other

Goal of the priority area:

The Division of Behavioral Health will implement a resource portal to provide treatment professionals with current research and resources on trauma-informed care.

Strategies to attain the goal:

Portal is developed.

Annual Performance Indicators to measure goal success

Indicator #: 1
Indicator: Portal is available for Substance Use Disorders (SUD) Professionals to access
Baseline Measurement: No portal currently exists
First-year target/outcome measurement: Portal is developed
Second-year target/outcome measurement: Portal is accessible to SUD Professionals

New Second-year target/outcome measurement (if needed):

**Population(s):** Other (Adolescents w/SA and/or MH, Adults and children with substance use disorder diagnoses)

**Goal of the priority area:**
Increase substance use disorder (SUDS) program integrity, consistency and standardization.

**Strategies to attain the goal:**
Establish SUDS program integrity standards and service procedures.

---

#### Annual Performance Indicators to measure goal success

<table>
<thead>
<tr>
<th>Indicator #:</th>
<th>1</th>
</tr>
</thead>
</table>

**Indicator:** Substance use disorder (SUD) program integrity.

**Baseline Measurement:** There are no clear, written SUD program integrity standards or service procedures.

**First-year target/outcome measurement:** The Division of Behavioral Health will establish program integrity standards and service procedures for Substance Use Disorder treatment by June 30, 2014.

**Second-year target/outcome measurement:** None.

**New Second-year target/outcome measurement (if needed):**

**Data Source:** Division of Behavioral Health - policy unit and quality assurance unit.

**New Data Source (if needed):**

**Description of Data:** Written SUD program integrity standards and service procedures.

**New Description of Data (if needed):**
Data issues/caveats that affect outcome measures:
None.

New Data issues/caveats that affect outcome measures:

Report of Progress Toward Goal Attainment

First Year Target: Achieved

Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):

Priority #: 20
Priority Area: SAT, MHS
Priority Type: SAT, MHS
Population(s): SMI, SED, Other (Adolescents w/ SA and/or MH, Criminal/Juvenile Justice, Adults and children with substance use disorder diagnoses)

Goal of the priority area:
The Division of Behavioral Health will collaborate with courts and the Idaho Department of Correction (IDOC) to screen offenders for behavioral health diagnoses and link them to available and appropriate behavioral health services.

Strategies to attain the goal:
The Division of Behavioral Health will hire additional staff to collaborate with courts and IDOC to identify strategies to screen and refer offenders with behavioral health diagnoses and link them to available services.

Annual Performance Indicators to measure goal success

Indicator #: 1
Indicator: Division of Behavioral Health collaboration with courts and Idaho Department of Correction (IDOC) to screen offenders for behavioral health diagnoses and link them to appropriate behavioral health services.

Baseline Measurement: Division of Behavioral Health staff assigned to collaborate with courts and IDOC and strategies to screen and refer offenders with behavioral health diagnoses.

First-year target/outcome measurement: The Division of Behavioral Health will hire three staff and develop a process to collaborate with courts and IDOC to strategize methods to screen offenders for behavioral health diagnoses and link them to available and appropriate behavioral health services by June 30, 2014.

Second-year target/outcome measurement: None.

New Second-year target/outcome measurement (if needed):

Data Source:
Division of Behavioral Health.

New Data Source (if needed):

Description of Data:
Staff hired to work with courts and IDOC to develop strategies to screen and refer offenders with behavioral health diagnoses. Procedures that are developed for screening and referral.

New Description of Data (if needed)
Data issues/caveats that affect outcome measures:
None.

New Data issues/caveats that affect outcome measures:

Report of Progress Toward Goal Attainment
First Year Target:  \[ \text{Achieved} \]  \[ \text{Not Achieved} \] (if not achieved, explain why)

Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):

Priority #: 21
Priority Area: SAT, MHS
Priority Type: SAT, MHS
Population(s): SMI, SED, Other (Adolescents w/ SA and/or MH, Adults and children with substance use disorder diagnoses)

Goal of the priority area:
The Division of Behavioral Health will develop behavioral health standards for service delivery.

Strategies to attain the goal:
The Division of Behavioral Health will review existing standards manuals and develop behavioral health standards for service delivery.

Annual Performance Indicators to measure goal success

| Indicator # | 1 |
| Indicator: | Behavioral health standards for service delivery. |
| Baseline Measurement: | The Division of Behavioral Health does not have written behavioral health standards for service delivery. |
| First-year target/outcome measurement: | The Division of Behavioral Health will review several existing standards manuals (e.g., Comprehensive Accreditation Manual for Behavioral Health Care, Joint Commission for Accreditation of Health Organizations, etc.) to develop behavioral health standards for behavioral health services delivery in at least five service areas by June 30, 2014. |
| Second-year target/outcome measurement: | The Division of Behavioral Health will review several existing standards manuals (e.g., Comprehensive Accreditation Manual for Behavioral Health Care, Joint Commission for Accreditation of Health Organizations, etc.) to develop behavioral health standards for behavioral health services delivery in at least eight service areas by June 30, 2015. |

New Second-year target/outcome measurement (if needed):

Data Source:
Division of Behavioral Health.

New Data Source (if needed):

Description of Data:
Written behavioral health standards for service delivery.

New Description of Data (if needed):

Data issues/caveats that affect outcome measures:
None.
New Data issues/caveats that affect outcome measures:

Report of Progress Toward Goal Attainment

First Year Target: Achieved

Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):

Priority #: 22
Priority Area: 
Priority Type: SAT
Population(s): Other (Adults and children with substance use disorder diagnoses)

Goal of the priority area:

Develop a cadre of individuals with substance use disorder (SUDS) diagnoses who are able to demonstrate recovery and resilience through recovery coaching.

Strategies to attain the goal:

Provide recovery coaching to Idaho citizens with substance use disorders (SUDS).

Annual Performance Indicators to measure goal success

Indicator #: 1
Indicator: Individuals with substance use disorder (SUD) diagnoses demonstrating recovery and resilience through recovery coaching.

Baseline Measurement: There are no SUD diagnosed individuals in Idaho who are trained in recovery coaching.

First-year target/outcome measurement: The Division of Behavioral Health will train at least thirty (30) individuals in recovery coaching by June 30, 2014.

Second-year target/outcome measurement: The Division of Behavioral Health will establish recovery coaching services as a life skills service under Recovery Support Services in all regions by June 30, 2015.

New Second-year target/outcome measurement (if needed):

Data Source:
Division of Behavioral Health.

New Data Source (if needed):

Description of Data:
Numbers of Idaho citizens with SUD diagnoses trained in recovery coaching. Establishment of recovery coaching services as a life skills service under Recovery Support Services in all regions.

New Description of Data (if needed):

Data issues/caveats that affect outcome measures:
None.

Report of Progress Toward Goal Attainment

First Year Target: Achieved

Not Achieved (if not achieved, explain why)
Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):

Priority #: 23
Priority Area: SAT, MHS
Priority Type: SAT, MHS
Population(s): SMI, SED, Other (Adolescents w/SA and/or MH, Adults and children with substance use disorder diagnoses)

Goal of the priority area:
Ensure that Division of Behavioral Health service delivery staff are adequately trained to assess, diagnose and develop treatment plans according to the new Diagnostic and Statistical Manual V (DSM-V) guidelines.

Strategies to attain the goal:
Provide statewide training on DSM-V guidelines.

Annual Performance Indicators to measure goal success

| Indicator #: | 1 |
| Indicator: | Division of Behavioral Health staff ability to assess, diagnose and develop treatment plans based on the Diagnostic and Statistical Manual V (DSM-V) guidelines. |
| Baseline Measurement: | DSM-V has not yet been released and no staff have been trained adequately on DSM-V guidelines. |
| First-year target/outcome measurement: | None. |
| Second-year target/outcome measurement: | The Division of Behavioral Health will provide statewide training in assessment, diagnosis and treatment planning according to the new DSM-V guidelines by June 30, 2015. |

New Second-year target/outcome measurement(if needed):

Data Source:
Division of Behavioral Health.

New Data Source(if needed):

Description of Data:
Number of regional training events on DSM-V guidelines. Number of staff trained on DSM-IV guidelines.

New Description of Data:(if needed)

Data issues/caveats that affect outcome measures:
None.

New Data issues/caveats that affect outcome measures:

Report of Progress Toward Goal Attainment
First Year Target: Achieved

Reason why target was not achieved, and changes proposed to meet target:

How first year target was achieved (optional):
Priority Area: SAT, MHS
Population(s): Other (Adults and children with substance use disorder diagnoses)

Goal of the priority area:
Newly established regional behavioral health boards will be provided with tools that help them to identify regional gaps and plan ways to address identified issues.

Strategies to attain the goal:
The Division of Behavioral Health will facilitate the development of an Action Plan toolkit curriculum that outlines ways to identify gaps, create action plans to address those gaps, implement action plans and collect outcome data.
