<td>June 1st</td>
</tr>
<tr>
<td>Rosie will send information to Linda Hatzenbuehler about recovery centers to include in the Letter to the Governor.</td>
<td>Rosie Andueza</td>
<td>June 1st</td>
</tr>
</tbody>
</table>

### SUMMARY OF DECISIONS

**Review of the Minutes and of the Agenda:**

- The council will not review the proposed by-laws until the first IBHPC meeting in August  
- Kim Jardine-Dickerson made the motion to approve the January 2014 minutes. Linda Johann seconded the motion, motion carried.

**Readiness Criteria Meeting:**

- The Readiness Criteria Committee will include people who attended the October work group meeting, and Kim Jardine-Dickerson.
  
  - Kathy Skippen will be invited to the meeting to aid the council in establishing the readiness criteria.
  
  - The committee will meet for a 2-day meeting in June to establish the readiness criteria for the regional boards.
Membership Committee:
The Membership Committee will include the people that attended the October work group meeting because of their work on the membership matrix.

1. THE VISION - IDAHO STATE PLANNING COUNCIL ON BEHAVIORAL HEALTH:
The vision of the Behavioral Health Council needs to come from the council members, not from the Division of Behavioral Health.

The three main responsibilities of the council (the Letter to the Governor, the award ceremony, and advising the legislature on mental health) will change with the legislation and will include the opportunity for more responsibilities.

One of the new roles of the council is to establish readiness criteria. The three options available for the regional boards are:
   1. Advisory (continue to function as they are currently)
   2. Become a state entity (this would include having fiscal control, creating policies, etc.)
   3. Partner with a public entity

Ross suggests a small group of the council meet to work on the readiness criteria for the regional boards. IDHW could also provide someone to advise the group on the legal requirements if the regional boards decide to become a state entity. The readiness criteria should be simple and practical, for example requiring the RBHB to submit a list of the executive and board membership, their treatment plans, employee policies, etc.

Decision:
- Kathy Skippen will attend the Readiness Criteria Committee meeting and aid the group in creating the criteria and supporting documents.
- The Readiness Criteria Committee will include people who attended the October work group meeting; Kim Jardine-Dickerson will also be included in that committee.
- The committee will meet sometime in June; Katie will coordinate with the group and schedule a meeting place and time.

2. MEMBERSHIP
The other responsibility of the council is to work on filling membership for the IBHPC; the existing council members will create a committee to begin recruiting members.

Discussion – Membership Committee:
- A small group of the council and several substance use disorder (SUD) representatives met in October and created a membership matrix. It is suggested that all who attended and participated in October will be invited to be on the Ad Hoc Membership Committee.
- The matrix should help serve as a guide for the membership search, once key Behavioral Health (BH) agencies and organizations know it exists and what membership positions the council is looking for, they can help provide recommendations for membership.
- Need to communicate to the Governor’s office about the need for membership to be staggered between year and two year appointments.
Decision:
- The membership committee will be called the Ad Hoc Idaho Behavioral Health Council Membership Planning Committee; its membership will be comprised of the attendees at the October Work Group meeting.
- Casey will help facilitate the Ad Hoc Membership Committee meeting.

3. GOVERNOR’S REPORT:
Discussion – what should be included in the Governor’s Report?
- The legislation and the impact it will have on the council and the regional boards, including information about the three options the regional boards now have. Include how the IBHPC membership will be inclusive of both MH and SUD representatives.
- Appreciation to the Governor and Legislature for supporting and passing the proposed legislation.
- More information about the logistics of the crisis centers: start-up/ongoing funding, etc.
- Jeff D. process/progress
- Support the expansion of Medicaid
- Idaho Health Care Exchange and Optum Idaho
- Support of using tele-health services
- Peer Specialists and Family Support Specialists

Decisions:
- Ross will send talking points to Linda Hatzenbuehler about the legislation.
- Jennifer will ask the Jeff D. committee about what information can be included in the report.
- Rosie will send a paragraph about the recovery centers and Recovery Idaho
