Respite Services

A Look at Idaho Children's Respite Services - July 2016 to June 2017

Region 4 started the **Respite Pilot** in April 2016 in Idaho to encourage respite spending for Idaho families. At the end of the pilot in August 2016 there was a dip in spending as families accessed the Respite program less. Over October 2016 forward, *the respite program grew* in services being provided *steadily* as more Idaho families utilize respite services.

Between July 2016 to June 2017, different regions in Idaho experienced between 200 to 750 claims submitted for respite services for Idaho families.

Region 7 had the highest amount of claims submitted for respite services.

As the map provided shows, **Respite Services** play an important role in **Region 2** and **Region 7** in the health and growth of families in Idaho.
