Re Ajovy

To Whom It May Concern:

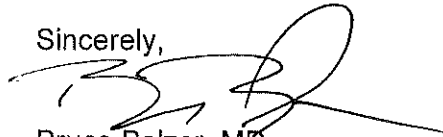

It is my understanding that you are reviewing Medicaid prescription coverage for Ajovy. I am writing this letter in support of coverage for Ajovy.

I am a family physician in Boise, Idaho. Like most family physicians, I have many patients who experience migraine headaches. Based upon my experience with Ajovy in my clinic practice, I strongly support coverage for Ajovy as I have seen great benefit in patients.

Please let me know if you need any additional information in this decision making process.

Thank you for the opportunity to provide comment.

Sincerely,

Bruce Belzer MD
