

## Exploring Alignments with Health Transformation Council of Idaho

May 22 2019

### What are the growing capabilities of the Foundation

#### Understanding/ Communication

- Research
- Convenings

#### Catalytic Engagement

- Community Health Academy
- Personalized Rural Community Profiles
- Practice Financial Redesign Forum

#### Incubation

- Technical Assistance
- Capacity Building

#### Partnerships

- Cultivating Healthy Food Choices with Albertsons
- Creating Walkable Communities with Mark Fenton
- Community Mobilization with Nampa School District
- SWD 3 Transforming Crisis Psych Center to a Crisis Psych System
- Voice of the Community
- Healthy Minds Partnership

#### Transformational Solutioning

- Think Tanks
- Facilitating Transformation
- Supporting Innovation

#### Transformational Solutions

- Community Transformation Grants
- Facilitating Think Tanks

## More Reach, More Impact

*The Foundation's mission is to build a healthier Idaho through catalytic engagement, partnerships, and transformational solutions.*

### Catalytic Engagement

- Community Health Academy

- Healthy Minds Partnership

- Practice and Financial Redesign

### Partnerships

- Cultivating Healthy Food Choices with Albertsons

- Creating Walkable Communities with Mark Fenton

- Community Mobilization with Nampa School District

### Transformational Solutions

- Community Transformation Grants

## Our Vision For Rural Health

To facilitate health equity in rural areas by the reduction of disparities in Idaho.

Facilitate the collaboration of major influencers to transformationally change rural health in Idaho.

## Blue Cross of Idaho Foundation Functional Tenets

The Foundation brings various capabilities as investments into initiatives, tailoring them to the specific needs:

**Advisory** – provide access and engagement of subject matter experts, and other skill sets.

**Connecting** – facilitate connections of relevant organizations and influencers in specific areas.

**Convening/Facilitation** - bring together different factions for brain storming, informative forums or teams to work through complex and “wicked” problems.

**Monetary Support** –issuing solo grants or through a collaborative partnership with other funders for sustainable initiatives

**Active Engagement/Leadership** - assume full direct or indirect accountability of project leadership for an initiative.

## Foundation Overview

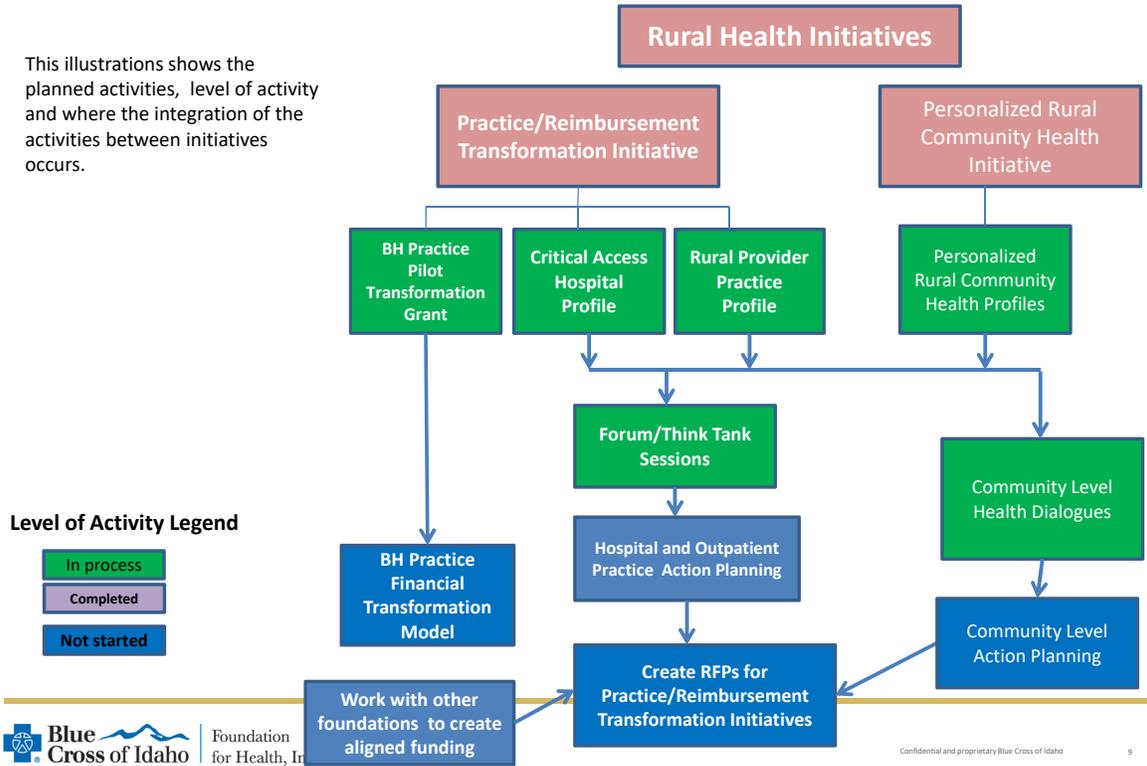

- Our work and initiatives are grounded in evidence and data from local and national resources.
- We engage stakeholders to contribute and guide the direction of the Foundation’s initiatives and the focus of funding.
- Our goal is to use data, engagement and convenings to create transformational sustainable solutions.

## Rural Health Initiative: Early Directional Focus

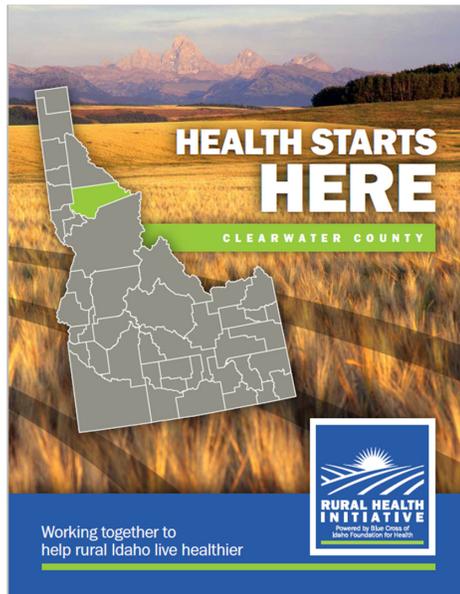

Pillars	Subcategory	Appropriateness/Readiness
Personalized Community Health Care	Personalized Rural Community Health Profile	High/Medium
	Addressing Social Determinates	
	Facilitating Community Engagement / Ownership	
Practice/Financial Redesign	Practice Change	High/High
	Alternative Reimbursement	
	Innovative Practice Models/Tools	
Access to Quality Care	Enhancement of Diagnostic and Treatment Capabilities	High/High
	Access to Best SMEs	
Workforce	Rural Provider Shortage	Low/Medium
	Training Redesign	
	Maintenance	

# Practice/Reimbursement Transformation Strategy for 2019

This illustration shows the planned activities, level of activity and where the integration of the activities between initiatives occurs.

## Personalized Rural Community Health Profile

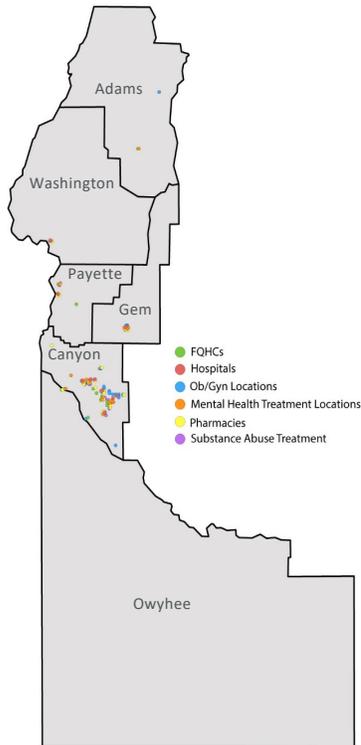

### Data Appendix

#### Geography and Demographics Data – County, State, National Comparison

Population Information - Clearwater County						
Date	Source	Indicator	Clearwater County	Nez Perce County	Idaho	United States
2016	1	Total population	8,528	39,995	1,635,483	318,558,162
2016	38	Persons per square mile	87.4	46.3	19	87.4
2016	1	Largest city	Orofino	Lewiston		
2016	1	Number of zip codes with <1,000 residents	4	2		
2016	39	USDA Typologies - Economic Dependence Code	4: Federal/State Government Dependent	0: Non-specialized		
2016	39	Rural-Urban Continuum Code	6: Adjacent (2,500 to 19,999 urban population)	3: Metro (less than 250,000 population)		

Population Changes - Clearwater County						
Date	Source	Indicator	Clearwater County	Nez Perce County	Idaho	United States
2016	1	Change in population (2016-2017)	-0.11%	0.72%	2.20%	0.72%
2010-2017	1	Change in population - The Silent Generation (2010-2017)	13.08%	-0.17%		
2010-2017	1	Change in population - Baby Boomer Generation (2010-2017)	5.52%	18.53%		
2010-2017	1	Change in population - Generation X (2010-2017)	-9.76%	-7.79%		
2010-2017	1	Change in population - Millennials (2010-2017)	0.24%	9.07%		
2010-2017	1	Change in population Generation Z (2010-2017)	-14.72%	-2.44%		

## Using Digital Tools to Illustrate Healthcare Access

- Visualization of the health resources helps to identify potential issues for further exploration.
- Includes Mapping of Health System resources
  - Inpatient and outpatient services
  - Professional and Ancillary Provider locations
  - FCC grid
- Types of questions to be raised
  - - what is the reasonable distance to travel to health care.
  - Are there duplications of services for the community?
  - Are there significant gaps in core services for the community?

## Possible Areas of Alignment Between HTCI and BCIFH

### Overlapping Functions

- Gathering Evidence
- Communication
- Technical Support
- Convenings
- Issue Grants/Financial Funding

### Alignment Opportunities

- Input into Strategy
- Establish parameters for public/private/foundation relationship
- Participate in Advisory Group
- Advise on RFP specification
- Representation in Grant reviews

**THANK YOU**

## Legislative Intent Language

SECTION 10. HEALTH CARE PAYMENT REFORM. The Health Care Policy Initiatives Program shall provide a report to the Legislative Services Office on the development and implementation of a plan with defined goals, outcomes, and measurable results to reform health care payments, support the Healthcare Transformation Council of Idaho, and identify how the program will receive financial support from non-state sources. The format of the report and information contained therein shall be determined by the Legislative Services Office. The report shall be submitted no later than October 1, 2019.

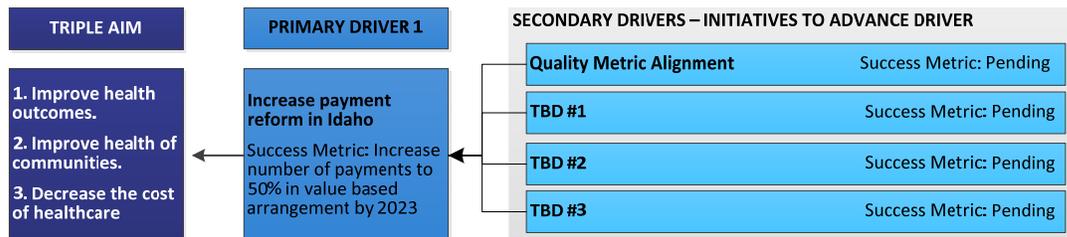

- Identification of specific initiatives that advance payment reform efforts in Idaho (targeted for the May 22<sup>nd</sup> meeting).
  - Establishing workgroups and committee to advance the identified initiatives
  - OHPI team to work with HTCI to resource initiatives with existing and TBD resources

## Establishing a Target

Primary driver established at April HTCI Meeting:

- Increasing payment reform in Idaho increasing the number of VBP from 29% (baseline 2018) to 50% by 2023.

3

## Establishing Initiatives:

Realistic, measurable and aspirational

## Initiatives

1. Evaluate Telehealth Adoption and Use Barriers (in coordination with HQPC)
  1. Subcommittee or Workgroup format, leverage former telehealth council members
  2. Baseline Data: SHIP Telehealth grantees & SHIP clinics
  3. Potential Deliverable: Updated Payment Matrix
2. Quality Metrics Alignment
  1. Multi-payer Workgroup
  2. Potential Deliverable: Single Core Metrics Set
3. Behavioral Health Integration\*
  1. Committee or Workgroup to align with IIBHN
  2. Potential Deliverable: State BHI workplan

\* OHPI has identified a potential funding source and submitted a grant application

5

## Potential Initiatives

4. Rural Health VBP Technical Assistance\*
  1. Workgroup to align with existing efforts
  2. Potential Deliverable: TBD
5. Primary Service Line Collaboration
  1. Promoting evidenced based practice open source materials to practices
  2. Potential Deliverable: Case study of practice adoption
6. Consumer Education
  1. Create patient education materials to increase engagement and increase understanding of finance
7. Central Training and TA Database for Provider and Networks

\* OHPI has identified a potential funding source and submitted a grant application

6

## Potential Initiatives

### 8. Increasing CHWs in Idaho

### 9. Social Determinants of Health

1. Develop performance milestones and benchmarks for provider behavior
2. Develop tool for use with patients (screening tool)

### 10. Targeted Legislator Education

### 11. Pain Management Workgroup (statewide)

7

## Short and Long Term Recommendations

Short Term Initiatives	Long Term Initiatives
Quality Alignment	Primary Service Line Collaboration
Behavioral Health Integration*	Consumer Education
Telehealth Adoption Barriers	Central Training and TA Database
Rural Health Technical Assistance*	Increasing CHWs in Idaho
	Social Determinants of Health
	Targeted Legislator Education
	Pain Management Workgroup

\* OHPI has identified a potential funding source and submitted a grant application

8

## Motion:

Based on the discussion, which initiative(s) does HTCI wish to pursue?

## Next Steps:

OHPI will work with HTCI Co-Chairs on a resourcing proposal for each selected initiative:

- Committee/Workgroup?
- Data Sources (baseline and progress)
- Resources gaps that may prevent progress
